

## SETTING UP IN BUSINESS

### INTRODUCTION:

Businesses are set up to make a profit.

A business generates income by selling products and/or services.

To be able to sell products/services, the business must **incur expenses**. If the income exceeds the costs of the business, the business makes profit.

Companies House = the Registrar of Companies in the UK.

Considerations that determine the most suitable business media:

- Cost considerations:**
  - A proportion of the company's profit may be **given** to the business owners. The rest is **retained** by that business for growth.
  - The company will need to raise finance to pay for set-up costs, develop and expand.
  - Businesses raise finance in four ways:
    - Investment by the company's owners
    - Investment by outside investors
    - Borrowing money – e.g. **issuing of a loan**
    - Retaining a proportion of the profits (instead of distributing it to investors/owners (dividend))
- Mitigating or minimising risk:**

Does the owner have personal liabilities for all debt?
- Structural considerations:**

Business media should provide a clear organisational structure.
