K. Nallakaruppan, Vijay Anand Rajasekaran, Mariofanna Milanova, 2025-03-10 Offering a thorough exploration of the symbiotic relationship between data engineering and modern marketing strategies Data Engineering for Data Driven Marketing uses a strategic lens to delve into methodologies of collecting transforming and storing diverse data sources Mobile Computing and Sustainable Informatics Subarna Shakya, George Papakostas, Khaled A. Kamel, 2023-05-26 This book gathers selected high quality research papers presented at International Conference on Mobile Computing and Sustainable Informatics ICMCSI 2022 organized by Pulchowk Campus Institute of Engineering Tribhuvan University Nepal during January 11 12 2023 The book discusses recent developments in mobile communication technologies ranging from mobile edge computing devices to personalized embedded and sustainable applications The book covers vital topics like mobile networks computing models algorithms sustainable models and advanced informatics that support the symbiosis of mobile computing and sustainable informatics **The Routledge Companion to Marketing Research** Len Tiu Wright, Luiz Moutinho, Merlin Stone, Richard P. Bagozzi, 2021-06-27 This single volume reference provides an alternative to traditional marketing research methods handbooks focusing entirely on the new and innovative methods and technologies that are transforming marketing research and practice Including original contributions and case studies from leading global specialists this handbook covers many pioneering methods such as Methods for the analysis of user and customer generated data including opinion mining and sentiment analysis Big data Neuroscientific techniques and physiological measures Voice prints Human computer interaction Emerging approaches such as shadowing netnographies and ethnographies Transcending the old divisions between qualitative and quantitative research methods this book is an essential tool for market researchers in academia and practice Developments in Information and Knowledge Management Systems for Business Applications Natalia Kryvinska, Michal Greguš, Solomiia Fedushko, 2023-04-07 By highlighting ongoing progress in structural management this book of our subseries

encourages further research regarding the subject Companies need sustainable solutions to the pressure to deal with high levels of risk and uncertainty Many companies face this challenge and therefore must find new ways to deal with it These solutions are often based on digital influenced techniques Previously understood knowledge technologies and data provide a huge assist with this goal **The Korean Wave in a Post-Pandemic World** Geon-Cheol Shin,Mark D.

Whitaker,2023-11-02 This book presents an analysis of how the economic Korean Miracle spread into the cultural Korean Wave Hallyu First only in Asian countries and then around the world the rising popularity of the Korean Wave continued within the pandemic despite or even because of policies of digital lockdowns Partially this has been by design as Korea for decades has had a very strong fast development drive in telecommunications and that aided the growth of its cultural wave Partially however this became exclusively by default how the Korean Wave had to spread increasingly in a digital manner after 2020 globally in response to many countries rules regarding the COVID 19 pandemic in their attempts to enforce a decline in face to face content consumption In retrospect this has meant only more digital growth and innovation for the Korean Wave in past years compared to other cultures entertainment complexes that suffered more Korea s earlier digital readiness combined with later lockdownconditions and pushed the Korean Wave further ahead Despite the ending of COVID 19 lockdowns in many countries a greater digital aftermath will continue in the cultural industry and in the economy in general This is due to changes created in cultural preferences in organizational investments and in communication technologies due to those lockdowns Thus the authors examine how the Korean Wave coped actively with a pronounced digital shift by default in all aspects of media including production distribution and consumption In turn they examine how the greater digital shift in the world s culture and economy influenced the Korean Wave s entertainment performances TV dramas and cosmetics among other areas The authors analyze general trends in the Korean Wave s economics culture and technology along with specific strong cases of the K pop boy group BTS the cosmetics manufacturer Cosmax and the television series Squid Game Since the Korean Wavecontinues to grow in popularity within a more exclusive digital socialization future implications of such a competitive digital world economy and multi polar digital world culture are discussed for all countries as well **Strategic Analysis of Netflix in India. Possible Strategies and**

Recommendations Gabriel Socha,2020-07-03 Seminar paper from the year 2020 in the subject Economics International Economic Relations grade 1 3 New York University Leonard N Stern School of business language English abstract The paper focuses on strategic issues of the management of Netflix in India pointing to the following key question How can the company adapt its business model to gain a foothold in the Indian market Should the company conduct acquisitions to deal with the situations Or should Netflix exit India and shift focus to other global markets instead Netflix a leading American online media streaming and production company expanded successfully across the globe in the 2010s However in India a very important market for Netflix due to its large population and strong demand for video streaming Netflix seems to be struggling

Dominant competitors and specific customer requirements have made growth difficult for the firm In this case both Netflix and the Indian video streaming market are analyzed with several strategic options are compared The team of authors recommends purchasing local studios and production houses so that Netflix can continue to pursue its verticalization strategy and meet local consumer demands We also suggest Netflix adapt its price to appeal to more users as Indian users are generally more price sensitive While it might dilute Netflix premium brand we believe such risk can be mitigated by adopting a more bare bones lower cost subscription targeting the large number of Indian consumers who use their smartphones to access the internet

Managing Innovation Joe Tidd,John R. Bessant,2020-12-10 Now in its seventh edition *Managing Innovation Integrating Technological Market and Organizational Change* enables graduate and undergraduate students to develop the unique skill set and the foundational knowledge required to successfully manage innovation technology and new product development This bestselling text has been fully updated with new data new methods and new concepts while still retaining its holistic approach the subject The text provides an integrated evidence based methodology to innovation management that is supported by the latest academic research and the authors extensive experience in real world management practice Students are provided with an impressive range of learning tools including numerous case studies illustrative examples discussions questions and key information boxes to help them explore the innovation process and its relation to the markets technology and the organization Research Notes examine the latest evidence and topics in the field while Views from the Front Line offer insights from practicing innovation managers and connect the covered material to actual experiences and challenges Throughout the text students are encouraged to apply their knowledge and critical thinking skills to business model innovation creativity entrepreneurship service innovation and many more current and emerging approaches and practices

Successful Direct Marketing Methods Bob Stone,Ron Jacobs,2008 Includes the latest tools and techniques needed for success in today s digital multi channel marketplace this guide offers professionals a comprehensive roadmap for direct marketing success across today s multiple marketing channels

Netflix Leading with Data Russell Walker,2017 By 2009 Netflix had all but trounced its traditional bricks and mortar competitors in the video rental industry Since its founding in the late 1990s the company had changed the face of the industry and threatened the existence of such entrenched giants as Blockbuster in large part because of its easy

to understand subscription model policy of no late fees and use of analytics to leverage customer data to provide a superior customer experience and grow its e-commerce media platform Netflix's investment in data collection IT systems and advanced analytics such as proprietary data mining techniques and algorithms for customer and product matching played a crucial role in both its strategy and success However the explosive growth of the digital media market presents a serious challenge for Netflix's business going forward How will its analytics customer data and customer interaction models play a role in the future of the digital media space Will it be able to stand up to competition from more seasoned players in the digital market such as Amazon and Apple What position must Netflix take in order to successfully compete in this digital arena To examine the benefits and risks of investment in analytical technology as a means for mining customer data for business insights Students will develop a strategy position for Netflix's investment in technology and its digital media business Students must also consider how new corporate partnerships and changes to the customer channel model will allow the company to prosper in the highly competitive digital space

The Language of Persuasion in Advertising. A Corpus-based Critical Discourse Analysis Seda Evirgen, 2021-05-04 Master's Thesis from the year 2020 in the subject English Language and Literature Studies Linguistics grade 1.0 Justus Liebig University Giessen language English abstract The thesis at hand puts a special emphasis on the use of persuasive language in online native advertisements from The New York Times After careful examination the corpus will be compiled of three native advertisements from the field of technology by the sponsors Intel Dropbox and Slack The limitation to these native advertisements and persuasive linguistic devices and techniques was necessary with regard to the scope of this thesis As no linguistic analysis of native advertisements could be found there also was no reference to follow Therefore the thesis at hand lays the foundation for further research in this area The aim is to conduct a corpus based Critical Discourse Analysis in order to investigate and answer two main questions 1 Do online native advertisements make use of the same persuasion methods as previously researched for other advertising types 2 What are the most prominent persuasive linguistic devices and techniques in the online native advertisements from The New York Times In addition to the CDA the corpus based approach is expected to provide quantitative evidence of the existence of discourse and to identify repetitive linguistic patterns of persuasive language use in native advertising The thesis will be structured as follows First the theoretical framework provides general information about the functions and characteristics of advertising while further focusing on native advertisement and the language of advertising It continues with explaining the concept of persuasive language on the basis of ethos logos and pathos and introduces some powerful persuasive techniques in advertisement Further linguistic devices of persuasive language on the phonetic lexical morphological and syntactic level will be defined Additionally the concept of Critical Discourse Analysis will be explained in detail as the thesis at hand follows the CDA framework of Fairclough The data collection method and data analysis procedure will be outlined in Chapter 3 This is followed by an analysis of three online native advertisements from the publisher The

New York Times After the analysis the results will be presented and evaluated in order to assess the hypothesis Finally the conclusion provides a summary of the findings and suggests further research opportunities

Media & Culture Richard Campbell, Christopher R. Martin, Bettina Fabos, 2015-03-18 A number of high stakes conflicts over net neutrality streaming music copyrights the shifting fortunes of various media outlets and divisive politics continue to unfold over YouTube Twitter TV screens and other mediated feeds The speed at which these stories are consumed means that understanding the complex connections between the media and our culture is more important than ever The new tenth edition of Media Culture starts with the digital world students know and then goes further focusing on what these constant changes mean to them As always Media Culture brings together industry expertise media history and current trends for an exhilarating look at the media right now Through new infographics cross reference pages and a new digital jobs feature this edition offers the most contemporary and compelling examinations yet of how the media industries connect interlock and converge

"Look at the Bigger Picture" an Analysis of Netflix's Business Model and Strategy from CEO Reed Hastings' Long-term View Amanda Ramsaran, 2014 This thesis is more of a case study aiming to explore the potential impact of Netflix business model and strategy on the traditional television and film ecosystem It is a forward looking examination derived from CEO Reed Hastings Long Term View for Netflix as declared through the company s Investor Relations website in February 2014 This outlook was presented the same time the company s 10 K was filed for Fiscal Year FY 2013 with the Securities and Exchange Commission Reed Hastings Long Term View for Netflix is written like a manifesto declaring the revolutionary power that the company holds with regards to the television and film industry primarily as a distributor of content Netflix s power lies within its proprietary system and application technology that offers its subscribers suggestions and recommendations on what next to watch based on their viewing preferences and history This collection of data has allowed Netflix to make decisions on content licensing and acquisition and within the last few years investment in original content

The Internet TV network s platform is available to subscribers for a no commitment low monthly fee Content is widely accessible from any Internet connection and across a multitude of devices from smartphones to large format Smart TVs Hastings declares that the linear TV channel model is ripe for replacement because of new time shifting capabilities and technological advancements including Netflix s own that have given audiences advanced screen proliferation and new choices in how they consume television and film primarily through the Internet This case study aims to present the ways in which Netflix is challenging that linear television model and theatrical film release model alike through their business model and strategy as outlined particularly in the company s long term view outlook in their financial documents to investors and releases about future endeavors

E-Business Gerald Trites,Jefim Efrim Boritz,David Pugsley,2005-05

Management Information Systems James O'Brien,2010 Overview The benchmark text for the syllabus organized by technology a week on databases a week on networks a week on systems development etc taught from a managerial perspective O Brien defines technology and then explains how companies use the technology to improve performance Real world cases finalize the explanation
