Cromosys Publication's Teach Yourself Autodesk 3ds Max book is an optimal quality guide to the beginners and advanced learners of 3ds Max. We are the leading eBook publisher of languages and technology. Our research and education center, working for last fifteen years, has made tremendous effort to simplify the learning of Max and so we assure you that this book will walk you through in a very simple way in your entire course of learning. Whether you are using 3ds Max 8 or the newer version, this book will make you a master of it in just one month. The tutorials in the chapters will lead you step by step, giving pictures of every move and will help you create and design models from scratch, not like other books that tell you to copy things and make shallow editing. We do not encourage the misguidance of this kind at all, as learning Max is not a child's play. Today's world is the world of 3d design and animation, and everyone wants to create a moving, talking, and interacting visual expression. You may be interested in creating an animation movie, a game, architectural design, editing the content of a film, earning a way to Hollywood, or impressing your loved one. Max can serve all your purposes as it does all the works of this kind. The lessons conceived and prepared by us will let you start from real basic in easy steps, making it amazing, astonishing, and exhilarating for you. And soon you will feel that you've got a new horizon to present your imagination. It's cool, simple, and sublime. Niranjana Jha, the author of this and fifteen others eBooks available online, is the founder of Cromosys Corporation. His dedication in technological and linguistic research is significantly known to the millions of people around the world. This book is the creation of his avowed determination to make the learning of Max easy to the people. After you install this program on your system, you just have to follow the instructions, doing the same on your computer, and you will see that you are quickly learning everything. Just an hour of practice per day, and in a month of time, you'll get a lot of knowledge, tips, and tricks to work with this software. This is an unmatched, unique book of its kind that guarantees your success. The lessons are magnificently powerful to bring you into the arena of design and animation. Since it is the need of time, the people around the world have been sharpening their knowledge to be good in it. The still image creation software like CorelDraw, Photoshop, and Illustrator are where you create the pictures of your choice, but when you wish to present them in three dimensions with animation, there you need Max. What Max does, no other software can do. It is totally different. For instance, if you want to design a car, showing its all dimensions, do you think any other software can do that? No, absolutely not. Only Max can do that, and it can do in just a few minutes of time, and so it is proven that Max is a must for a 3D designer or an architectural engineer like you.
