Basic Writings Immanuel Kant:

Basic Writings of Kant Immanuel Kant, 2001-07-10 Introduction by Allen W Wood With translations by F Max Müller and Thomas K Abbott The writings of Immanuel Kant became the cornerstone of all subsequent philosophical inquiry They articulate the relationship between the human mind and all that it encounters and remain the most important influence on our concept of knowledge As renowned Kant scholar Allen W Wood writes in his Introduction Kant virtually laid the foundation for the way people in the last two centuries have confronted such widely differing subjects as the experience of beauty and the meaning of human history Edited and compiled by Dr Wood Basic Writings of Kant stands as a comprehensive summary of Kant's contributions to modern thought and gathers together the most respected translations of Kant's key moral and political writings

Philosophical Writings Immanuel Kant, 1986

Animals and the Limits of Postmodernism Gary Steiner, 2013-04-16 In *Animals and the Limits of Postmodernism* Gary Steiner illuminates postmodernism's inability to produce viable ethical and political principles Ethics requires notions of self agency and value that are not available to postmodernists Thus much of what is published under the rubric of postmodernist theory lacks a proper basis for a systematic engagement with ethics Steiner demonstrates this through a provocative critique of postmodernist approaches to the moral status of animals set against the background of a broader indictment of postmodernism's failure to establish clear principles for action He revisits the ideas of Derrida Foucault Nietzsche and Heidegger together with recent work by their American interpreters and shows that the basic terms of postmodern thought are incompatible with definitive claims about the moral status of animals as well as humans Steiner also identifies the failures of liberal humanist thought in regards to this same moral dilemma and he encourages a rethinking of humanist ideas in a way that avoids the anthropocentric limitations of traditional humanist thought Drawing on the achievements of the Stoics and Kant he builds on his earlier ideas of cosmic holism and non anthropocentric cosmopolitanism to arrive at a more concrete foundation for animal rights

Business Ethics: Kant, Virtue, and the Nexus of Duty Richard M. Robinson, 2021-12-09 This book offers students a philosophical introduction to the ethical foundations of business management It combines lessons from Kant with virtue ethics and also touches upon additional approaches such as utilitarianism At the core of the book lies the concept of the nexus of imperfect managerial duty building and reinforcing the virtuous managerial team engaging in reasoned discourse among all stakeholders and diligently pursuing business responsibilities including the creative efforts necessary for modern organizations Case illustrations of these applications are presented throughout the book including chapter appendices Ancillary videos test and answer banks and sample syllabi are available online via the author's website [Blackpentecostal Breath](#) Ashon T. Crawley, 2016-10-03 In this profoundly innovative book Ashon T Crawley engages a wide range of critical paradigms from black studies queer theory and sound studies to theology continental philosophy and performance studies to theorize the ways in which alternative or otherwise modes of existence can serve as disruptions against the marginalization

of and violence against minoritarian lifeworlds and possibilities for flourishing Examining the whooping shouting noise making and speaking in tongues of Black Pentecostalism a multi racial multi class multi national Christian sect with one strand of its modern genesis in 1906 Los Angeles Blackpentecostal Breath reveals how these aesthetic practices allow for the emergence of alternative modes of social organization As Crawley deftly reveals these choreographic sonic and visual practices and the sensual experiences they create are not only important for imagining what Crawley identifies as otherwise worlds of possibility they also yield a general hermeneutics a methodology for reading culture in an era when such expressions are increasingly under siege

Imperfect Duties of Management Richard M. Robinson,2018-10-08 This book uses Kant's idea of imperfect duty to extend the theory of the firm Unlike perfect duty which is contractual or otherwise legally binding imperfect duty consists of those commitments of choice that pursue some moral value but that have practical limits to their pursuit The author presents a broad view of the imperfect duties of management defined as a nexus of all commitments to do good involving relations internal and external to the firm This nexus consists of three overlapping categories of i building a virtuous managerial community ii pursuing reasoned managerial discourse and iii diligent and reasoned pursuit of the body of routine managerial duties such as capital budgeting and internal controls Specific applications of the nexus theory for stakeholder relations via fair negotiation and for analysis of the effects on the managerial team of perquisite consumption are presented This book has major implications for research in business ethics and allows critical insights into managerial decision making

Law's Task Louis E. Wolcher,2016-04-22 What is the ultimate task of law This deceptively simple question guides this volume towards a radically original philosophical interpretation of law and justice Weaving together the philosophical jurisprudential and ethical problems suggested by five general terms thinking human suffering legal meaning time and tragedy the book places the idea of law's ultimate task in the context of what actually happens when people seek to do justice and enforce legal rights in a world that is inflected by the desperation and

suffering of the many It traces the rule of law all the way down to its most fundamental level the existence of universal human suffering and how it is that law doers inflict or tolerate that suffering Kant's Prolegomena to Any Future Metaphysics Immanuel Kant,1902 Prolegomena to Any Future Metaphysics Immanuel Kant,1902 **Marx's Theory of Alienation** István Mészáros,1972 *Paperbound Books in Print* ,1965 **The Collected Writings of Thomas De Quincey** Thomas De Quincey,1890 Great Documents of the World Xaver Schnieper,1977 *Carlyle's Works: Miscellaneous essays* Thomas Carlyle,1892 The Monist ,1904 Vols 2 and 5 include appendices **Critical and miscellaneous essays** Thomas Carlyle,1887 Thomas Carlyle's Works: Critical and miscellaneous essays Thomas Carlyle,1887 *Thomas Carlyle's Works: Critical and miscellaneous essays, v. 1-3* Thomas Carlyle,1887 **Unity** ,1888
