## David K Bernard:

**The Glory of God in the Face of Jesus Christ** David K. Bernard, 2019-05-21 There is now a substantial scholarly consensus for the emergence of a high or divine Christology very early and from a Jewish context but the questions of how and why need further study Within the framework of traditional Jewish monotheism Paul and other early Christians used the language of deity to describe Jesus To investigate their view of Jesus the author examines Paul's discourse in 2 Cor 3 16 4 6 employing insights from rhetorical criticism and Oneness Pentecostal Christology He explains how early Christians proclaimed the deity of Jesus within their monotheistic Jewish context He then identifies socio rhetorical reasons for and practical consequences of the monotheistic deification of Jesus

**Decoding Precepts of Oneness Theology** Andrew M. Denny, 2018-02-14 In his book *The ONENESS Of GOD* David Bernard pinpoints the observable distinction between God the Father and the Son of God Father refers to Deity alone while Son of God refers to Deity as incarnated into humanity Among the Oneness movement there is a network of individuals who have spent many hours revisiting the core fundamentals of Modalism in order to expound on the Son's identity nature and corporeal existence More than a simple formula of Spirit versus flesh *Decoding Precepts of Oneness Theology* pinpoints the observable distinction between Father and Son in the most descriptive terms necessary to further understand the humanity of the Son of God as described by His witnesses While some aspects may not entirely agree with traditional Modalism as defined historically our focus will be to evaluate the vocabulary of the early church in comparison with our modern dialect
