*Beauty ideals and cosmetic surgery in Scott Westerfeld's novel "Uglies"*, 2019-03-22 Seminar paper from the year 2018 in the subject English Language and Literature Studies Literature grade 1.5 Karlsruhe University of Education language English abstract Television social platforms and advertisements are full of them successful rich and irresistibly attractive people Their pretty faces their beguiling smiles and glamorous appearances have a great influence on our idea of being beautiful In our recent society beauty is a privilege which leads to success money and an unbridled lovelife We strive for being equal to them We envy them for their beauty their fame and their lifestyle At the same time it is obvious that this world of glamour and flawlessness is more often a world of sham and pretence High prices are paid for a beautiful face or a slim figure Being under pressure to fit into a certain beauty ideal the people in our society are victims of a beauty mania which demands a lot Not only a ridiculous high consumption of cosmetics and beauty products but also more drastic measures like cosmetic surgeries or symptoms

like anorexia and bulimia can be seen as a sign for that But let us imagine a world without this beauty competition A world in which everyone is equally pretty due to a compulsory cosmetic surgery as a teenager Scott Westerfeld creates such a scenery in his young dystopian fiction novel *Uglies* and takes a critical approach to a society which is only based on being pretty On the basis of this book I want to have a closer look on our modern beauty ideals and how they influence our recent society Or rather how our society influences beauty ideals What problems arise with this beauty mania What does Westerfeld criticise in his novel I also want to pay attention on the beauty ideals in a historical context and how they changed over time

Bogus to Bubbly Scott Westerfeld,2009-10-27 THE WORLD OF UGLIES SET IN OUR NOT SO DISTANT FUTURE is a complex place filled with bubbly technology and lingo yet bogus rules about status and appearance That s why a guide to the world of uglies has been requisitioned from the hole in the wall Inside you ll find A rundown on all the cliques from Crims and Cutters to tech heads and surge monkeys The complete history starting with the destruction of the oil bug to the launch of Extras in space How all those awesome gadgets came to be hoverboards eyescreens skintennas sneak suits PLUS an exclusive look at Scott Westerfeld s first draft of Extras starring Hiro not Aya And so much more it s mind wrecking
