The Isaiah Effect Gregg Braden,2009-02-04 Seventeen hundred years ago key elements of our ancient heritage were lost relegated to the esoteric traditions of mystery schools and sacred orders Among the most empowering of the forgotten elements are references to a science with the power to bring everlasting healing to our bodies and initiate an unprecedented era of peace and cooperation between governments and nations In his groundbreaking new book *The Isaiah Effect* Gregg Braden turns to the Isaiah Scroll perhaps the most important of the Dead Sea Scrolls discovered in 1946 to offer insight into a powerful form of ancient prayer In *The Isaiah Effect* Braden author of *Awakening to Zero Point* and *Walking Between the Worlds* combines research in quantum physics with the works of the prophet Isaiah and the ancient Essenes He demonstrates how prophecies of global catastrophe and suffering may only represent future possibilities rather than forecast impending doom and that we have the power to influence those possibilities In addition to describing multiple futures the Isaiah texts take us one step further clearly describing the science of how we choose our futures Tracing key words of Isaiah s text back to their original language we discover how he taught a mode of prayer that was lost to the West during Biblical editing in the fourth century Braden offers detailed accounts of how elements of this mode of prayer have been applied in a variety of situations ranging from healing life threatening conditions to entire villages using collective prayer to prevail during the 1998 fires in southern Peru In each instance the correlation between the offering of the prayer and a shift of the events in question was beyond coincidence the prayers had measurable effects As modern science continues to validate a relationship between our outer and inner worlds it becomes more likely that a forgotten bridge links the world of our prayers with that of our experience

Each time we engage ourselves our loved ones and our communities with Isaiah's life affirming message of hope we secure nothing less than our future and the future of the only home we know *Evidence of Destiny* Gregg Braden,2012-01-26

Jeff Herman's Guide to Book Publishers, Editors and Literary Agents 2006 Jeff Herman,2005-10 Now updated for 2008 this annual edition of the classic bestselling directory provides everything working writers need to find the most receptive publishers editors and agents for their work *Pure Human* Gregg Braden,2025-01-28 In an age where technologies such as AI threaten to supplant human intelligence an award winning scientist offers a radical new view of our innate human technology and what we're truly capable of There are rare moments in time when we make choices that irreversibly change the world and our lives forever Today is one of those moments Scientists engineers and philosophers alike warn us that without a radical shift in our thinking we are on track to be the last generation of pure humans that the world will know Within a single generation we will devolve into a hybrid species of synthetic bodies Artificial Intelligence AI and computer chips that limit our ability to think to love and to adapt to the conditions of the emerging world in a healthy way In doing so we will also lose our capacity for emotion empathy intimacy and forgiveness the very qualities that we value and cherish in our humanness The question that we face is simple Do we love ourselves enough to preserve the gift of our humanness Our answer is based upon the way we've been taught to think of ourselves This book is a compelling journey of self discovery that will catapult you beyond conventional thinking when it comes to your origins your limits and most importantly the abilities that have been hidden from you for centuries and the extraordinary potential that awaits as you embrace them **The Publishers Weekly** ,2003 [The Divine Matrix](#) Gregg Braden,2008-01-01 The New York Times best selling author of *The God Code* and *Resilience from the Heart* Are the miracles that we see in the quantum world actually showing us our greatest possibilities rather than our scientific limits Could the spontaneous healing of disease an instant connection with everyone and everything and even time travel be our true heritage in the universe There is a place where all things begin the place of pure energy that simply is In this quantum incubator for reality everything is possible In 1944 Max Planck the father of quantum theory shocked the world by saying that this matrix is where the birth of stars the DNA of life and everything between originates Recent discoveries reveal dramatic evidence that Planck's matrix *The Divine Matrix* is real It is this missing link in our understanding that provides the container for the universe the bridge between our imagination and our reality and the mirror in our world for what we create in our beliefs To unleash the power of this matrix in our lives we must understand how it works and speak the language that it recognizes For more than 30 years Gregg Braden a former senior aerospace computer systems designer has searched for the understanding to do just that From the remote monasteries of Egypt Peru and Tibet to the forgotten texts that were edited by the early Christian church the secret of the Divine Matrix was left in the coded language of our most cherished traditions It is verified in today's science In this paradigm shattering book Gregg shares what he's found Through 20 keys of conscious creation we're shown how to translate

the miracles of our imagination into what is real in our lives With easy to understand science and real life stories Gregg shows us that we re limited only by our beliefs and what we once believed is about to change **The Spontaneous Healing of Belief** Gregg Braden,2008-04-01 From the New York Times bestselling author of The Divine Matrix and Resilience from the Heart What would it mean to discover that everything from the DNA of life to the future of our world is based upon a simple Reality Code one that we can change and upgrade by choice New revelations in physics and biology suggest that we re about to find out A growing body of scientific evidence suggests that our universe works like a Consciousness Computer Rather than the number codes of typical software our Consciousness Computer uses a language that we all have yet are only beginning to understand Life s reality code is based in the language of human emotion and focused belief Knowing that belief is our reality maker the way we think of ourselves and our world is now more important than ever For us to change the beliefs that have led to war disease and the failed careers and relationships of our past we need a reason to see things differently Our ancestors used miracles to change what they believed Today we use science The Spontaneous Healing of Belief offers us both the miracles that open the door to a powerful new way of seeing the world and the science that tells us why the miracles are possible revealing why we are not limited by the laws of physics and biology as we know them today Once we become aware of the paradigm shattering discoveries and true life miracles we must think of ourselves differently And that difference is where the spontaneous healing of belief begins
