Number Tracing Workbook for Preschoolers and Toddlers Activity Treasures, 2020-06-07 Are you looking for a fun workbook to help you teach your child to write Then you are in the right place Take your child on an exciting journey through all the numbers from 0 to 30 with Number Tracing Workbook For Preschoolers And Toddlers A Fun Number Practice Workbook To Learn The Numbers From 0 To 30 For Preschoolers Kindergarten Kids Tracing Exercises For Ages 3 5 One of the first things children learn in school is to write letters and numbers But that does not mean that they have to wait until they start school On the contrary children who

are familiarized with numbers earlier on will find it easier to do so in pre school and primary school Many parents wonder when the ideal time is to introduce their children to writing numbers There is no blanket answer to this question It always depends on the very individual development of the child In general however most children are ready to learn to count and write numbers by the age of 4 Their eye hand coordination is sufficiently developed to enable them to use a pen in a targeted manner and can now be optimally developed further And the ability to concentrate can also be trained in a playful way through age appropriate exercises

Number Tracing Workbook For Preschoolers And Toddlers is a workbook that helps children learn numbers from 0 to 30 Your child will not only be instructed in counting but will also learn to write the numbers independently step by step The special exercise booklet is characterized in addition to its loving design above all by a clear and sensible structure This makes constant learning easier for your child and motivates him or her to keep at it and expand their knowledge Each number is learned in three basic steps

Counting A creative illustration which can of course be colored shows the meaning of each number and invites your child to start counting

Tracing Afterwards your child is familiarized with the respective pencil guidance by copying the number and the number as a written word

Independent writing Finally your child is ready to write the numbers freely and without pre drawn lines Of course auxiliary lines are provided to help correctly position the numbers The structured exercises ensure that your child is constantly challenged in a supportive and not overburdening way The learning process is lined with as many successes as possible to boost your child s motivation to learn By looking at each number three times your child is confronted with a solid reliable structure which they can follow at their own pace
