[Letter And Number Tracing Book For Kids Ages 3-5](#)
Activity Treasures, 2021-08-06 Are you looking for a fun workbook to help you teach your child to write Then you are in the right place Take your child on an exciting journey through the entire ABC and all the numbers from 0 to 30 with Letter And Number Tracing Book For Kids Ages 3 5 A Fun Practice Workbook To Learn The Alphabet And Numbers From 0 To 30 For Preschoolers And Kindergarten Kids This exercise book introduces your child to writing letters and numbers in a playful and age appropriate manner that will help him or her get to know the alphabet and the numbers 0 to 30 In this way children are guided and optimally prepared for pre school and primary school The book is divided into sections numbers and letters The learning process is guided as follows Letters Every letter is new territory for your child The first step is to get to know the letter and practice through the correct pen guidance by simply tracing it This is followed by a word containing the letter you

have just learned So your child learns to put the letter in a word Encourage your child to read the word aloud to directly practice the corresponding sound Finally your child learns to write the letter freely and independently Numbers To understand the meaning of numbers your child starts counting picture elements Then just as with letters he or she will have to trace the numbers As soon as they become more confident free writing follows the number you have just learned with guidelines ensuring that the number is placed at the correct height In both areas learning takes place in a meaningful and reliable structure that gives your child security and constantly encourages them to see their own progress Parents can help their children work through this exercise book and provide the necessary support After all writing is not easy for every child Parents should keep a special eye on the correct pen position and hand guidance and celebrate every milestone with their child For both numbers and letters encourage your child to speak out loud about what he or she has learned The more senses are involved in the learning process the faster and easier it is to learn By completing this exercise book your child will be able to write the lower and upper case letters from A to Z as well as the numbers 0 to 30 It is especially important that your child can work and learn at their own pace This is the only way to keep the fun and become more confident in writing from letter to letter or from number to number A quick look at the most important facts of the book Suitable for children from ages 3 to 5 Sensible structure that optimally accompanies the learning process Great preparation for pre school and kindergarten A fun way to learn the numbers from 0 to 30 and the letters A to Z Designed and sensibly structured to suit children Promotes correct pen management and concentration Lots of space for free practice Lovely designs Combine play with learning Benefit from Letter And Number Tracing Book For Kids Ages 3 5 and accompany your child within a meaningful structure on the way to writing letters and numbers Get this book NOW **My First Alphabet Tracing Workbook** Rachael Smith, 2020-07-14 From Alligator to Zebra a trace to write alphabet book for kids ages 3 to 5 Set your preschooler up for reading and writing success with activities that let them trace letters and words while building motor skills and having fun My First Alphabet Tracing Workbook is full of animal themed tracing and coloring exercises plus lots of space for your 3 to 5 year old to practice Whether they re just getting started or practicing existing skills this unique alphabet tracing workbook can build a strong foundation for a lifetime of learning Your child will start by exploring simple puzzles to practice deliberate movement and then trace individual capital and lowercase letters before stringing them together into words When they need a break there are plenty of adorable animals to color in this beautifully designed alphabet tracing workbook My First Alphabet Tracing Workbook includes An alphabet zoo Discover an animal picture to color next to each letter helping your little one associate the alphabet with familiar sounds and words Build coordination This comprehensive alphabet tracing workbook helps your child develop motor skills with activities that focus on following straight lines curves and zigzags Put it all together Invite your child to exercise their new knowledge by tracing short words that help improve their reading and writing skills Help your little one learn letters and practice pen control the fun way with My First Alphabet Tracing Workbook

While some children start off eagerly and soon develop a certain feeling for pencil guidance others need a little more help and time to get there It is perfectly normal that some letters are easier to translate than others After all an I is much simpler than G or an M for example As your child learns with each letter whether easy or challenging he or she will gradually develop the skills needed to write even tricky letters with confidence The learning process must be lined with as many successes as possible to boost your child s motivation to learn This book therefore proceeds step by step The individual lower and upper case letters from A to Z are presented one after the other Ideally the next letter should be started when the previous one has already been memorized For this reason learning each letter is divided into three simple steps which are clearly separated from each other Tracing Every letter is a new territory for your child The first step is to get to know the letter and practice through the correct pen guidance by simply tracing it If your child is still struggling after the first pass the process can easily be repeated with a new pen in a different color Add Word This is followed by a word containing the letter you have just learned So your child learns to put the letter in a word Encourage your child to read the word aloud this will directly practice the corresponding sound Independent writing Finally your child is ready to write the letters freely and without pre drawn lines Of course auxiliary lines are provided to help you place the letter at the correct height Letter by letter your child will be guided through the alphabet in a supportive and not overburdening way always practicing to use the uppercase letters first then followed by the lowercase letters By looking at each letter three times your child is confronted with a solid reliable structure that they can follow at their own pace A quick look at the most important facts of the book Suitable for school and pre school children from ages 3 to 5 A sensible structure that optimally accompanies the learning process Great preparation for pre school and kindergarten A fun way to learn the printed letters from Aa to Zz Designed and sensibly structured to suit children Promotes correct pen management and concentration Child friendly writing exercises on over 100 pages Lots of space for free practice Lovely designs Combine play with learning Benefit from Letter Tracing Workbook For Preschoolers And Toddlers and accompany your child within a meaningful structure on the way to writing letters Get this book NOW
