Renowned authorities in their respective fields present the most up-to-date coverage of all that is known regarding child and adolescent psychiatry. Presented by developmentally prominent contributors, this body of knowledge describes what children are, what they need, what hurts, and helps them. Volume 1 deals with infants and preschoolers; Volume 2 with grade school children; Volume 3 deals with adolescence; and Volume 4 with varieties of development. Volume 5 contains information on assessing, diagnosing, and treatment planning for the range of psychiatric and psychological problems children and adolescents may experience during their development. Volume 6 introduces the basic science of child and adolescent psychiatry and presents a myriad of treatment options available to psychiatrists. Volume 7 contains an overview of the history of the field of child psychiatry and examines contemporary issues facing child and adolescent psychiatrists.
