[Succeeding With Struggling Students](#) Marti Richardson, 2006-10-17 A superb resource *Succeeding With Struggling Students* brings innovative ideas and a sense of urgency Richardson shows what is possible when educators fully commit to high levels of learning for all students and take bold innovative actions to make success a reality Dennis Sparks Executive Director National Staff Development Council The ideal framework to promote successful achievement for underachieving students Schools today are working harder than ever to help ensure that all children can learn and achieve high standards Marti Richardson a recognized leader in professional

and curriculum development delivers an innovative classroom tested program with planning tools to customize it for any school or district's data based needs. Designed around a Learn It Teach It cycle, the program combines research based interventions and immediate classroom practice for teachers. Strategies for preview instead of review instruction move struggling students beyond cycles of repetition and scaffold learning to help them learn alongside their peers. With an easy to understand framework, the program's flexibility makes it adaptable not only for reading but also for other content area instruction. This highly motivational guide provides Essential questions and templates for administrators. Scaffolding for a successful school or district blueprint. Tools and strategies for planning and implementation. Research based interventions. Links for professional development. With a unique approach that can be adopted or adapted. Succeeding With Struggling Students helps underachievers hold on to the previous school year's learning as well as gain ground to put them ahead and prepare them for new learning. This book gives educators the tools needed to implement the process from print to plan.

Workshops That Really Work Hal Portner, 2005-08-31. Anyone who reads this book for personal reasons or adopts it for his or her school will soon discover the wealth of information it contains. Dr Carol A Mullen, Editor, *The Mentoring and Tutoring Journal*. This book is thorough, informative, helpful, collegial and supportive. A must have and great guide for everyone involved in professional development training or consulting. Genny DiTrani, Professional Development Consultant, New Jersey Education Association. Learn to share your expertise with the wider educational community. As staff development moves from the district office to the school building, more teachers and administrators are being asked to lead workshops. Yet most educators have little or no training in adult learning. In this practical guide, best selling author and acclaimed presenter Hal Portner leads teachers through the step by step process of designing and presenting a successful workshop. Packed with proven strategies and ready to use worksheets, this insightful book provides information on learning style preferences, offers guidance to selecting and introducing activities appropriate to those styles, and touches on many of the unsettling issues a first time presenter may face. Features of the book include: A workshop design planning form. Tips for overcoming stage fright and dealing with difficult participants. Ready to use workshop activities. Sample evaluation forms. Self assessment worksheets for every stage in the process. Teachers and other educators who are presenting a workshop for the first time will find this an essential resource, while staff developers, trainers and other seasoned consultants will value this book as a refresher or as a source for new ideas.

Teacher's Personality and Professionalism Jaan Mikk, Marika Veisson, Piret Luik, 2010. The papers in this collection analyse the professionalism of teachers in Estonia and neighbouring countries from several perspectives. Data from the OECD TALIS survey have been used to study the transformation of the teaching profession in recent years. As Estonia is bicultural, one paper deals with the transition to Estonian as the language of instruction in Russian medium schools. Teacher professionalism is related to communication skills and this is also explored. It is generally accepted that teachers' beliefs guide them in their daily work and so three papers deal with the professional self and self efficacy beliefs among

teachers In addition an adaptation of the Teacher Efficacy Scale to the Estonian context is presented The professional experience of young teachers is analysed and a comparison of the school practicum in teacher training in the Netherlands Estonia and Finland is explored Finally the stress that teachers experience has been studied along with the preferred strategies for coping
