Ursula K. Le Guin's the Left Hand of Darkness Harold Bloom, 1987 A collection of nine critical essays on the modern social science fiction novel arranged in chronological order of their original publication **The Left Hand of Darkness** Ursula K. Le Guin, 1983-03-15 When The Left Hand of Darkness first appeared in 1969 the original jacket copy read Once in a long while a whole new world is created for us Such worlds are Middle Earth Dune and such a world is Winter Twenty five years and a Hugo and Nebula Award later these words remain true In Winter or Gethen Ursula K Le Guin has created a fully realized planet and people But Gethen society is more than merely a fascinating creation The concept of a society existing totally without sexual prejudices is even more relevant today than it was in 1969 This special 25th anniversary edition of The Left Hand of Darkness contains not only the complete unaltered text of the landmark original but also a thought provoking new afterword and four new appendixes by Ms Le Guin When the human ambassador Genly Ai is sent to Gethen the planet known as Winter by those outsiders who have experienced its arctic climate he thinks that his mission will be a standard one of making peace between warring factions Instead the ambassador finds himself wildly unprepared For Gethen is inhabited by a society with a rich ancient culture full of strange beauty and deadly intrigue a society of people who are both male and female in one and neither This lack of fixed gender and the resulting lack of gender based discrimination is the very cornerstone of Gethen life But Genly is all too human Unless he can overcome his ingrained prejudices about the significance of male and female he may destroy both his mission and himself **The Left Hand of Darkness** Ursula K. **Politics, Persuasion, and Pragmatism** Ellen Susan Peel,2002 An addition to the Theory and Interpretation of Narrative series Peel s book addresses how feminist utopian narratives attempt to persuade readers to adopt certain beliefs Using three feminist utopian novels as her main examples *The Marriages between Zones Three Four and Five* by Doris Lessing *The Left Hand of Darkness* by Ursula K Le Guin and *Les Gu rill res* by Monique Wittig Peel examines how belief bridging and protean metaphor in these works persuade readers Literary persuasion often dismissed as propaganda in fact works in subtle and profound ways The book presents major techniques by which narrative literature exercises this sophisticated influence on beliefs Ultimately concluding that the pragmatic works better than the static in utopian feminism Peel shows how in novels such as those under discussion the narrative techniques support pragmatism Inquiring how narrative form can shape political belief by affecting readers responses the author integrates topics that are rarely combined The book investigates three theoretical issues utopian belief distinguishing the perfectionism of the static from the vitality of the pragmatic and showing how the latter creates narrative energy the persuasive process tracing narrative form and asking how implied

**Political Theory, Science Fiction, and Utopian Literature** Tony Burns,2010-02-19 Ursula K Le Guin s The Dispossessed is of interest to political theorists partly because of its association with anarchism and partly because it is thought to represent a turning point in the history of utopian dystopian political thought and literature and of science fiction Published in 1974 it marked a revival of utopianism after decades of dystopian writing According to this widely accepted view The Dispossessed represents a new kind of literary utopia which Tom Moylan calls a critical utopia The present work challenges this reading of The Dispossessed and its place in the histories of utopian dystopian literature and science fiction It explores the difference between traditional literary utopia and novels and suggests that The Dispossessed is not a literary utopia but a novel about utopianism in politics Le Guin s concerns have more to do with those of the novelists of the 19th century writing in the tradition of European Realism than they do with the science fiction or utopian literature It also claims that her theory of the novel has an affinity with the ancient Greek tragedy This implies that there is a conservatism in Le Guin s work as a creative writer or as a novelist which fits uneasily with her personal commitment to anarchism
