There is a short questionnaire used to determine whether a company needs help with its pricing strategy. Curiously, every company that has completed it has answered yes to at least one of the questions: Is your company in the middle of a price war? Do you feel your customers only buy when your products or services are on promotion? Do you set prices based solely on your costs and your competitors' prices? Do you feel like a victim of tough customers who always want to negotiate better prices and discounts? Do you feel you're failing to capture the full value your products or services offer? In **Pricing: The key to profitability**, the concepts needed to design and implement a complete profit-focused pricing strategy are
