A Prophecy of Empire Christopher J. Bonura,2025-11-18

The Apocalypse of Pseudo Methodius was one of the medieval world s most popular and widely translated texts Composed in Syriac in Mesopotamia in the seventh century this supposed revelation presented a new salvific role for the Roman Empire whose last emperor it prophesied would help bring about the end of the ages In this first book length study of Pseudo Methodius Christopher J Bonura uncovers the under appreciated Syriac origins of this apocalyptic tract revealing it as a remarkable response to political realities faced by Christians living under a new Islamic regime Tracing the spread of Pseudo Methodius from the early medieval Mediterranean to its dissemination via the printing presses of early modern Europe Bonura then demonstrates how different cultures used this new vision of empire s role in the end times to reconfigure their own realities The book also features a new complete and annotated English translation of the Syriac text of Pseudo Methodius
