Ison,2011 An aircraft dispatcher is a licensed professional certificated by the FAA who has joint responsibility with the captain for the safety and operation control of flights and this exam guide prepares candidates with an explanation of the certification process and the necessary knowledge requirements for passing the practical oral exam It provides practical applications to all critical subject areas including route planning regulations training and currency requirements certification responsibilities and authority aviation weather and manuals and documents The book places special emphasis on situational questions and includes a generic guide to the proper systems and procedures which students can apply to the specific aircraft used in their individual operations For aviators preparing for a career as an aircraft dispatcher or current dispatchers reviewing for their annual proficiency checks this guide will provide

all the information necessary for passing the required exam **Aircraft Dispatcher** Patrick S. Flannery,2014-07-20 Unlike other books which only provide information in a question and answer format this book goes beyond the basic preparation which is necessary for passing the required exams Aircraft Dispatchers must know as much as the Pilot in Command and must execute and approve flight plans route and altitude selection fuel load all in compliance with FAA regulations Most Study Guides describe aeronautical knowledge in a lawyer like style which is hard to comprehend and not necessarily providing enough information Due to the massive study material necessary most individuals with or without aviation experience who choose this profession having a hard time passing the FAA written oral and practical exams due to lack of information The average student even those with aviation background will definitely need to study the content of this book in order to complete the Dispatch class and pass the exams The instructors will not always cover the required materials in detail Moreover many instructors are unable to simply explain the study material and tend to complicate relevant information unnecessarily The mandate to pass successfully the final exams and ultimately Oral and Practical exams require you to know intimately the material in this book **Aircraft Dispatcher Oral Exam Guide** Dr. David C.
