Earth Shashtra Lion Dr Kiron,2019-08-21 Roti Kapada Makaan Our very own Indian Dream falls short of its credibility in today s world where people spend incredible amount and time on temporary investments like food and fashion but have zero information and knowledge about land In the Indian scenario every other sector has websites advertising segments and crores spent on updating the trends in fashion vehicles and consumer goods but so little is said and done about the real estate sector In reality the truth is that every business and literally the whole world works on the financial viability of land property People have always been intimidated by land and the intricate yet simple intelligence that is required to be an owner of a property This book aims to bridge the gap between the common man and the extensive knowledge available on the internet and in reality There are no wise investments only wise people who arm themselves with ample knowledge and push ahead by hard work These people take success and failure as two sides of a coin and forge pathways towards building a legacy of their own Your journey starts here My journey through the concrete jungle of realty for the past three decades has provided me with the knowledge that people dictate progress not vice versa Invest in land and it will definitely take care of you The most reliable and dependable part of humanity is the land we stand on Invest in it nurture it and make it an asset for the generations to come Lion Dr Kiron Builder Businessman Philanthropist Globetrotter www.earthshashtra.com *Monthly Catalogue, United States Public Documents* ,1995 **Monthly Catalog of United States Government Publications** United States.
