 This book explores the intricate world of strategic management Blending theory with practical examples the authors provide
 a systematic framework for strategic decisionmaking The book is divided into two parts It begins by exploring the
 perspectives of strategic analysis examining the firm s current situation and evolutionary perspectives as well as the
 objective reality and subjective perspective These interconnected perspectives require different analytical approaches to
 understand the firm s present state and the process of change The second part entitled The strategic map the areas the
 pathway and the objects of analysis delves deeper into specific areas of strategic analysis It focuses on the current state of
 the firm today s firm emphasizing the importance of understanding its resources products markets activities and stakeholder
 relationships The quality and implementation effectiveness of the strategic model are also assessed providing a reflection tool
 for improvement The book further explores strategic change processes the values and identity of the firm performance
 evaluation and corporate governance and internal control system Suitable for newcomers and professionals in corporate
 strategy and governance this book combines theory and practical examples to enhance understanding **A Dynamic
 Perspective** Ellie Gough,2014-11-07 Strategic management involves formulation and implementation of the major goals and
 initiatives taken by a company s top management on behalf of owners based on consideration of resources and an assessment
 of the internal and external environments in which the organization competes Strategic management provides overall
 direction to the enterprise and involves specifying the organization s objectives developing policies and plans designed to
 achieve these objectives and then allocating resources to implement the plans Academics and practicing managers have
 developed numerous models and frameworks to assist in strategic decision making in the context of complex environments
 and competitive dynamics Strategic management is not static in nature the models often include a feedback loop to monitor
 execution and inform the next round of planning Table of Contents Introduction 7 2 Why Strategy 8 3 The Formulation of
