## **Au Programme Laïcité:**

*Unveiling the Nation* Emily Laxer, 2019-05-09 Over the last few decades politicians in Europe and North America have fiercely debated the effects of a growing Muslim minority on their respective national identities Some of these countries have prohibited Islamic religious coverings in public spaces and institutions while in others legal restriction remains subject to intense political conflict Seeking to understand these different outcomes social scientists have focused on the role of countries historically rooted models of nationhood and their attendant discourses of secularism Emily Laxer's *Unveiling the Nation* problematizes this approach Using France and Quebec as illustrative cases she traces how the struggle of political parties for power and legitimacy shapes states responses to Islamic signs Drawing on historical evidence and behind the scenes interviews with politicians and activists Laxer uncovers unseen links between structures of partisan conflict and the strategies that political actors employ when articulating the secular boundaries of the nation In France's historically class based political system she demonstrates parties on the left and the right have converged around a restrictive secular agenda in order to limit the siphoning of votes by the ultra right In Quebec by contrast the longstanding electoral salience of the national question has encouraged political actors to project highly conflicting images of the province's secular past present and future At a moment of heightened debate in the global politics of religious diversity Laxer's *Unveiling the Nation* sheds critical light on the way party politics and its related instabilities shape the secular boundaries of nationhood in diverse societies

[Le principe de laïcité en droit public français](#) Clément Benelbaz, 2011-09-01 La laïcité est souvent présentée comme une spécificité française source de conflits Sa définition mais aussi son contenu suscitent de nombreuses divergences s'agit-il d'une valeur ou d'un principe Quel est son contenu En France ce n'est pas tant le principe qui est débattu que ses nombreuses applications Du point de vue européen la laïcité tend à identifier une valeur Influencés par le modèle français les divers États font merger des

laïcité européennes *Laïcité de combat, laïcité de droit* François Delafaye, 1997-01-01 T00:00:00+01:00 Qu'est-ce que la laïcité ? Comment la définir ? Comment l'appliquer ? Que recouvre-t-elle ? Principe pour le moins controversé, son interprétation oppose deux approches essentielles : celle du combat idéologique, souvent passionné, et celle du droit positif, produit des pouvoirs exécutif, législatif et des juges, qui en fait l'un des fondements essentiels de notre État de droit. S'appuyant sur de nombreuses sources, lois, décrets, circulaires, décisions de justice, François Delafaye, administrateur de l'éducation nationale, propose une approche ouverte, concrète et passionnée de ce principe et apporte une réponse en droit des questions très concrètes sur son application au quotidien dans les établissements scolaires.

**LA LAÏCITÉ FRANÇAISE À L'ÉPREUVE DE L'INTÉGRATION EUROPÉENNE** Marie-Dominique Charlier-Dagras, 2002-12-01 La loi de 1905 portant sur la séparation des Églises et de l'État avait surtout pour ambition d'affirmer la liberté des citoyens quant à leurs convictions religieuses. Cette conception a fréquemment occulté au bénéfice d'une appréhension anticléricale. Comment concilier galit et diversité ? Comment convaincre qu'assurer tous les mêmes droits suppose aussi de respecter les identités plurielles ? Comment faire une place aux particularismes culturels sans sacrifier les exigences de l'universalisme et les contraintes du vivre ensemble ?

**Laïcité, une aventure de penser pas à pas ?** Gérard Fath, 2023-01-18

Souvent dormante, la laïcité se réveille lors d'incidents voire de crimes odieux. Or son exigence ne se réduit ni à des mesures occasionnelles ni à des principes supposés dépassés. L'auteur plaide pour une formation laïque des maîtres et du citoyen qui réactive sa puissance matricielle dans une réelle aventure de pensée théorique et pratique, la croisée des problématiques du sujet de l'imaginaire et des valeurs et pas à pas, selon le cap, la que travers obstacles et défis.

**La laïcité au défi de la modernité** Jean-Michel Lemoyne de Forges, 1990

**Essai sur la laïcité** Laurent Maronneau, 2018-10-03 La laïcité n'est pas une pensée de répression à la manière de Marx, mais une pensée de résistance. Idem et donc de liberté : elle est une arme qui permet de résister aux dispositifs et aux pratiques qui font de la société soit l'espace d'une exclusion réciproque des individus entre eux, soit le lieu d'une simple coexistence d'individus qui ne font que se tolérer les uns les autres et qui par conséquent ne font que la société soit un lieu de coopération entre des individus.

Frank Fischbach *Laïcité et séparation des églises et de l'état* Jean Baubérot, Paul d'Hollander, Mireille Estivalezes, 2006 Les contributions d'historiens, de sociologues, de spécialistes de l'image et de représentants de sensibilités religieuses et philosophiques diverses retracent l'histoire et le présent de la laïcité de la Révolution au 21<sup>e</sup> siècle en France et en Limousin. Elles abordent les problèmes que cette histoire a rencontrés, les résultats auxquels elle est parvenue. Dans une partie prospective, l'ouvrage s'intéresse au devenir de la laïcité face à l'islam, la construction européenne et la mondialisation.

*Politiques de la laïcité au XX<sup>e</sup> siècle* Patrick Weil, 2007 Le propos de cet ouvrage n'est ni de célébrer la loi de 1905 centenaire, mais toujours vaillante, ni de méditer sur son sens et son esprit, mais de porter un nouvel éclairage sur les

faits qui se sont produits aux moments de la élaboration de la loi de séparation des églises et de l'état de son adoption puis de sa mise en œuvre. Fondée sur de nouvelles recherches portant sur des domaines aussi variés que la médecine, la mort, l'histoire de la colonisation ou de la laïcité scolaire, croisant les approches d'historiens, de sociologues, de politistes et de juristes, l'ensemble constitue une mise au point novatrice analysant des points de vue juridique, politique, social et culturel. La loi de 1905 ne symbolise pas seulement un épisode fort de la vie politique française. Il s'agit d'un texte soulevant contentieux et débats, confrontations des situations géopolitiques particulières : les musulmans de l'Empire, le problème de l'Alsace-Moselle, etc. Dans le temps, la laïcité s'inscrit dans le droit s'institutionnalisant s'adaptant aux circonstances, son principe finit par être accepté par la seule des trois religions qui en avait refusé les termes et les conséquences. Après la Seconde Guerre mondiale, l'école est longtemps demeurée le théâtre d'affrontements virulents. Depuis une vingtaine d'années, le modèle républicain, la question d'intégration nationale est questionnée par l'émergence de l'islam dans un contexte de développement de la diversité culturelle et religieuse. Des conditions politiques ayant entouré l'adoption de la loi de 1905 jusqu'aux représentations de la laïcité chez les Français d'aujourd'hui, c'est donc toute une partie décisive de l'Histoire de la France au XXe siècle qui est retracée ici.

*Education scolaire, droits humains, laïcité*: Elisa Pelizzari, 2020-08-01. Analyse la relation qu'entretiennent les jeunes d'Afrique occidentale francophone avec le monde actuel en termes de perceptions et de valeurs. Les auteurs I. S. Traor, S. Loua, M. Diarra, B. Sanogo, S. L. Bagayoko, T. Traor, A. K. Togo, M. Monteleone, F. Barlassina, E. Botta, Sompar, F. Tandjigora se penchent sur la manière propre à la jeunesse de concevoir le rapport entre modernité, droits fondamentaux et coutumes traditionnelles.
