## **Blink Of An Eye:**

Crossroads Nader George Dahdal, 2010-03-24 A lot went into writing this book I feel that different authors write about many things but for me its always been about my personal life and feelings How I felt at one time to what I lost in life that was important to me I feel that when I write about me and my personal life and how I feel its like Im letting the readers into my personal life that many dont really know about Im not perfect nor far from it We all make mistakes in life and we learn from them In a way Im glad that the people came into my life and gave me new experiences and certain of those people hurt me in a way otherwise I wouldnt have nothing to write about We all end up at a crossroad in life and its something everyone can relate to in life I want people who read this to understand that a lot changes as we get older meet new people and experience new things All my poems are at certain times how I felt at that time or some I still feel the same way So much feeling and emotions went into this second book that you the readers will see and read for yourselves

Valery Podoroga, 2022-08-09 Ground breaking work of philosophy and Russian Literature translated for the first time Valery Podoroga was one of the most important thinkers of his generation Here his most famous work is translated into English for the first time In it he gives a panorama view of Russian writing focusing in on the work of Nikolai Gogol Fyodor Dostoevsky and Andrei Bely He identifies these authors as pioneers in creating an other literature This constituted a new form of mimesis or vision of the world in opposition to the Imperial and national myths In Mimesis Podoroga develops and elaborates his analytic anthropological approach on these authors with startling effect excavating the identities and forms of Russian literature and society He places an emphasis on how a literary work is a process of world building both internally by creating a fictive world but also how it reflects the wider world in which it was produced and the power with which it changes the world Finally the literary work s ability to exist in a time that is other than its own time a time where it does not have a contemporary reader and an author who exercises his will but where it nonetheless continues to mean something Mimesis is rightly seen as the masterwork of one of the world s leading literary thinkers
