Blonde Roots:

Blonde Roots Bernardine Evaristo, 2009-01-22 A provocative and dizzying satire The New Yorker that boldly turns history on its head Elle from the Man Booker Prize winning author of *Girl Woman Other* What if the history of the transatlantic slave trade had been reversed and Africans had enslaved Europeans How would that have changed the ways that people justified their inhuman behavior How would it inform our cultural attitudes and the insidious racism that still lingers today We see this tragicomic world turned upside down through the eyes of Doris an Englishwoman enslaved and taken to the New World movingly recounting experiences of tremendous hardship and the dreams of the people she has left behind all while journeying toward an escape into freedom A poignant and dramatic story grounded in provocative ideas *Blonde Roots* is a genuinely original profoundly imaginative novel

Blonde Roots, 2015 **Fiction Unbound** Sebnem Toplu, 2011-07-12 This book covers all Bernardine Evaristo's major works *Lara* 1997 and *Lara* 2009 *The Emperor's Babe* *Soul Tourists* *Blonde Roots* and *Hello Mum* Each chapter focuses on a particular novel combining a close analysis of the author's technique with a penetrating understanding of the basic themes which underlie all of Evaristo's work This monograph exposes that Evaristo is not simply interested in multicultural issues to label them as such is to overlook her achievement as a novelist It shows instead how Evaristo combines apparently disparate elements for example historical research with late twentieth century allusions in a narrative such as *The Emperor's Babe* to show how African Caribbeans have been coming to Britain for thousands of years Yet Evaristo is not just interested in the African Caribbean experience this book shows how she tries to question those basic concepts for example Englishness or patriotism which lie at the heart of mainstream white culture in contemporary Britain It argues that Evaristo is interested in alternative constructions not only of nationalism but of other basic issues such as race gender and class Her books give the chance for hitherto marginalized characters slaves women or victims of a patriarchal world to tell their stories and postulate alternative views of the world they live in Above all this monograph shows how Evaristo refuses to be pigeon holed she is not simply a black British writer but someone who focuses on the interconnectedness of society This book calls for readers to adopt a more enlightened approach not only to issues of culture and identity but to the work of Evaristo as a whole

Cultural Migrations and Gendered Subjects Silvia Castro-Borrego, Maria Isabel Romero Ruiz, 2011-01-18 The present volume explores through cultural and literary representations the contributions of women to the construction of knowledge in an ever changing global world as migrant subjects The essays contained in this book also focus on the female body as a site of physical violence and abuse fighting prevalent stereotypes about women's representations and identities This collection intends to enter a forum of discussion in which the colonial past serves as a point of reference for the analysis of contemporary issues Women's strategies for building possible identities are seen to be based on their own experiences seeking the ways in which the public marking and marketing of the female body within the western male imaginary contributes to the making of women's social and personal

identities The different articles contained in this volume examine issues of gender and boundaries the realities of women as colonial and postcolonial subjects and darker realities such as alienation and discrimination as a result of migration racism and colonization analysed through a variety of critical perspectives The gendered raced classed dimensions and mixed heritages not only of white women but also of women of the African Diaspora these are important issues for the construction of knowledge and identity in our present multicultural societies and can potentially change the ways we conceptualize situate and engage the humanities in our scholarly work and in our social and cultural policies These women their presumed sexuality and their capacity to produce hybrid subjects as well as their supposed irrationality make them a singularly disruptive figure in our contemporary world this interpretation has its roots in the treatment of women in colonial times especially when they were out of the margins of respectable society The volume is addressed to a wide readership both scholarly and those interested in investigating the dynamics of the social and cultural conceptualizations of our multicultural and multiethnic contemporary societies marked by the intercultural exchanges of migratory subjects from a gender perspective
