Bullying Awareness Readers Choice:

The RoutledgeFalmer Reader in Language and Literacy Teresa Grainger, 2004 For this essential collection of readings on literacy and language Teresa Grainger has carefully chosen journal articles and book chapters which offer significant and serious insights into the world of literacy in the twenty first century **Choice**, 2006 Gendered Magic Anna Köhler, 2025-10-20 At the surface fantastic storyworlds appear free of the constraints of reality yet for all their limitless potential most popular fantasy texts still cling to patriarchal representations of gender Drawing on the cognitive framework of Cultural Models Theory CMT this book examines the reasons behind this phenomenon by analyzing the intersection between gender and magic in four contemporary fantasy series J K Rowling s Harry Potter Terry Pratchett s Discworld novels Robin Hobb s Farseer trilogy and Jonathan Stroud s Bartimaeus trilogy Magic as a core manifestation of the impossible that sets fantasy apart from other genres serves as the focal point for an exploration of the strategies by which fantasy engages with gender issues on its own terms Showcasing the potential of CMT as a tool for literary analysis and more specifically as a framework through which to understand both gender and genre this book provides new insights into how readers make sense of fantastic storyworlds and the anchoring role that gender models play in that process Overall this analysis demonstrates how CMT can improve our understanding of the interplay of author reader text and cultural context and the significant role of human cognition therein **PISA 2015 Assessment and Analytical Framework Science, Reading, Mathematic, Financial Literacy and Collaborative Problem Solving** OECD, 2017-08-31 What is important for citizens to know and be able to do The OECD Programme for International Student Assessment PISA seeks to answer that question through the most comprehensive and rigorous international assessment of student knowledge and skills **PISA 2015 Assessment and Analytical Framework Science, Reading, Mathematic and Financial Literacy** OECD, 2016-04-19 What is important for citizens to know and be able to do The OECD Programme for International Student Assessment PISA seeks to answer that question through the most comprehensive and rigorous international assessment of student knowledge and skills **Resources in Education**, 1991-07 Choices, 1990 **Tough!** Erin Frankel, 2012-07-27 Sam is concerned about keeping things orderly and cool at school She thinks people need to have a tough skin in order to fit in and withstand others meanness and lack of cooperation Sam teases her free spirited classmate Luisa and enlists a friend Jayla to help But when Sam is confronted by a concerned teacher about her bullying and Jayla turns on Sam and befriends Luisa Sam begins to show some heart and rethink her treatment of others The Weird Series These three books tell the story of an ongoing case of bullying from three third graders perspectives Luisa describes being targeted by bullying in Weird Jayla shares her experience as a bystander to bullying in Dare And in Tough Sam speaks from the point of view of someone initiating bullying Kids will easily relate to Luisa Jayla and Sam as each girl has her own unique experience eventually learning how to face her challenges with the help of friends peers and caring adults Part of the Bully Free Kids line **The Bullying Prevention**

Hoover, Ronald Oliver, 1996 Bully proof your school with this step by step bullying intervention model for the entire school Included are ten effective intervention methods a five step process for teaching empathy to bullies and assessment and evaluation tools for assessing your needs and successes

Pedagogies of Kindness and Respect Paul Lee Thomas, 2015 Pedagogies of Kindness and Respect presents a wide variety of concepts from scholars and practitioners who discuss pedagogies of kindness an alternative to the no excuses ideology now dominating the way that children are raised and educated in the U S today The fields of education and especially early childhood education include some histories and perspectives that treat those who are younger with kindness and respect This book demonstrates an informed awareness of this history and the ways that old and new ideas can counter current conditions that are harmful to both those who are younger and those who are older while avoiding the reconstitution of the romantic innocent child who needs to be saved by more advanced adults Two interpretations of the upbringing of children are investigated and challenged one suggesting that the poor do not know how to raise their children and thus need help while the other looks at those who are privileged and therefore know how to nurture their young These opposing views have been discussed and problematized for more than thirty years Pedagogies of Kindness and Respect investigates the issue of why this circumstance has continued and even worsened today
