Silent Voices, Expressive Choices Subtitle: A Practical Guide to Creative Activities for Children with Limited Speech amr bauomy,2026-02-05 A Guide for Parents Educators and Caregivers To hold a child who does not speak or who struggles to be understood is to stand on the shore of a vast and silent ocean You see the waves of emotion the frustration of a need unmet the sparkle of a joy unshared the storm of a fear unvoiced crashing against a seemingly impenetrable wall of silence You call out you gesture you plead for a word a sign a sound The distance feels infinite The loneliness for both of you can be profound This book begins with a fundamental and radical shift in perspective It asks you to turn away from the wall of silence and instead look down at your own hands and at the world around you For scattered at your feet are the tools to build a bridge These tools are not medical devices or complex linguistic programs though they may complement them They are the universal primal languages of humanity the stroke of a paintbrush the beat of a drum the posture of a body in motion
