shift occurred inside me It felt miraculous The cold endless blackness was instantly transformed into what felt like a warm dark velvet cocoon that was completely secure and totally loving The animals taught me that all of life is The Beloved Shirley she said Shirley Hart author of Life Inside Out Laurie Moore has a unique approach to enlightenment that is extremely heart felt practical and pleasantly mystical at the same time which keeps the awe and mystery alive throughout her work The compassion and stability with which she directs her knowledge and intuition is a testimony of the maturity of her realization of Love in her own life If you feel a pull to read her work or be in her presence I can wholeheartedly recommend you follow that instinct and rest assured that you will find healing enlightenment and harmony in your life both within and without

Animal Voices Dawn Baumann Brunke, 2002-05-01 Animals ranging from mosquitoes to elephants use their own words to guide humanity to a deeper spiritual awakening Contains interviews with 25 professional animal communicators and over 100 different animals and animal spirits Provides a thrilling glimpse of the possibilities of direct animal human dialogue According to Echo an Arabian

mare Humans are beings of love who have forgotten what love is and who they are Along with a host of other animal communicators Dawn Baumann Brunke gives animals like Echo a voice a direct line of communication to the human mind Through Animal Voices the animal kingdom delivers a message about deepening our spirituality and reconnecting with the web of life Our earliest ancestors had an ongoing shamanic dialogue with the animal kingdom but this ability has been lost to most in the modern world Brunke provides the techniques to reopen these connections reminding us that when we are open to communication with animals we are open to deeper layers of ourselves The main contributors to this book are actual animals who reveal themselves to be sentient beings with their own thoughts emotions and spiritual reasons for being on the planet How Brunke overcame her initial skepticism and learned to hear their voices is a fascinating story Throughout Animal Voices the author integrates her own reflections with those of the animals she interviews The result is something that will delight animal lovers and force skeptics to reconsider their ideas about the nature of animal consciousness and the possibility of telepathic human animal communication
