Snyder, 2012-08-08 This proven market leader is now even better MICROECONOMIC THEORY BASIC PRINCIPLES AND EXTENSIONS delivers the most cutting edge treatment of microeconomics in its new 11th edition The text offers an ideal level of mathematical rigor for upper level undergraduate students and beginning graduate students Students work directly with theoretical tools real world applications and cutting edge developments in the study of microeconomics It provides clear and accurate coverage of advanced microeconomic concepts and illustrates how the theory applies to practical situations In addition the text s aggressive effort helps build student intuition by including a new two tier end of chapter problem that begins with simple numerical mathematical exercises followed by more analytical theoretical and complex problems Important Notice Media content referenced within the product description or the product text may not be available in the ebook version

The Austro-Libertarian Point of View Alan G. Futerman, Walter E. Block, 2021-11-01 This book covers several areas of economic theory and political philosophy from the perspective of Austrian Economics and libertarianism As such it deals with Epistemology and Methodology Microeconomics Macroeconomics Labor Economics International Economics Political Philosophy Law and Public Policy all from the Austro libertarian perspective Hence this book offers an integrated view of libertarianism and Austrian economics in the light of recent debates in the areas of economic science and political philosophy Moreover it builds from the foundations of the Austrian approach epistemology and methodology while the latter material deals with its application to the individual from the microeconomic perspective which in turn allows an exploration of subjects in macroeconomics Additionally this work applies Austro libertarianism to law politics and public policy Thus it offers a unified view of the entire approach in a logical progression allowing the readers to judge this perspective in full Futerman and Block say that their book is not a manual which I suppose it is not But it is a collection of highly pertinent essays from which you can understand what is mistaken in the orthodoxy of economics law and politics The central term of art in Austrian economics is that phrase human action It is the exercise of human will not the blind bumping of one molecule against another or one organism against another as in the physical sciences Futerman and Block distinguish Austrian economics as a scientific enterprise based on liberty of the will from libertarianism as an advocacy based on policies implied by such liberty Although Austrian economics is positive and libertarianism is normative they write this book shows how both are related how

each can support the other Indeed they do Deirdre N McCloskey PhD UIC Distinguished Professor of Economics and of History Emerita Professor of English Emerita Professor of Communication Emerita University of Illinois at Chicago
