## **The Essential To Rhetoric:**

**The Essential Guide to Rhetoric** William M. Keith, Christian Oscar Lundberg, 2017-11-10 As both professors and scholars Christian Lundberg and William Keith believe that an understanding of rhetorical theory and its practical applications is a critical component of effective and competent communication Most importantly the authors are convinced that an understanding of rhetoric and of how persuasive strategies can advance or detract from public life is crucial for the future of our democracy [The Essentials of Composition and Rhetoric](#) Abraham Howry Espenshade, 1904 **The Essentials of English Composition and Rhetoric** Abraham Howry Espenshade, 1913 [The Essential Rhetoric](#) Jocelyn Siler, 1999-09 The Essential Rhetoric offers readers a brief yet comprehensive guide to writing Unlike brief style guides and error correction manuals this text focuses on rhetorical concepts and presents writing as a process with discernible steps It is the first book of its kind to bring both current research on writing and contemporary ideas about writing to a general audience In addition The Essential Rhetoric pares the writing process down to its essentials and focuses on problem solving throughout [A Speaker's Guidebook with The Essential Guide to Rhetoric](#) Dan O'Hair, Rob Stewart, Hannah Rubenstein, 2012-02-01 A Speaker's Guidebook with The Essential Guide to Rhetoric includes a full tabbed section that provides brief yet comprehensive coverage of rhetorical theory from the classical to the contemporary and its practical applications [The Essential Guide to Rhetoric](#) William M. Keith, Christian O. Lundberg, 2008-02-22 Gaining an understanding of rhetorical theory and its practical applications is a critical component to effective and competent communication The Essential Guide to Rhetoric provides an accessible and balanced overview of the core historical and contemporary theories It uses concrete relevant examples and jargon free language to bring these concepts to life The guide helps students move from concept to action with discussions of invention the traditions of trope argument and speech among others This handy guide is an excellent addition to the public speaking class extending and deepening crucial concepts and an indispensable supplement to the rhetorical theory class **Sourcebook on Rhetoric** James Jasinski, 2001-07-19 This book is designed to introduce readers to the language of contemporary rhetorical studies The book format is an alphabetized glossary with appropriate cross listings of key terms and concepts in contemporary rhetorical studies An introductory chapter outlines the definitional ambiguities of the central concept of rhetoric itself The primary emphasis is on the contemporary tradition of rhetorical studies as it has emerged in the discipline of speech communication Each entry in the glossary ranges in length from a few paragraphs to a short essay of a few pages Where appropriate examples are provided to further illustrate the term or concept Each entry will be accompanied by a list of references and additional readings to direct the reader to other materials of possible interest [The Science of Rhetoric](#) David Jayne Hill, 1877 [Rhetoric and the Global Turn in Higher Education](#) Christopher Minnix, 2018-03-09 This book studies the role of rhetoric in the expansive movement for global higher education in U S colleges and universities Drawing on an analysis of how discourses of security

economy and ethics shape the rhetoric of global higher education as well as that of its populist and nationalist critics the author argues for an understanding of global higher education as a site of rhetorical conflict over visions of students as citizens In doing so the work advances the project of transnational rhetorical education a theoretical and pedagogical project that can foster forms of rhetorical inquiry performance and ethics that equip students to pursue transnational forms of civic engagement belonging and resistance This book will be of interest to scholars and students in the fields of rhetoric and composition studies communication and education as well as to faculty and administrators working in global higher education or internationalization programs

**The Essentials of Argumentation** Elias J. MacEwan,1898     **Academic Constraints in Rhetorical Criticism of the New Testament** J. David Hester Amador,J. David Hester,1999-01-01 Rhetorical criticism promised to bring New Testament studies into a new era that approached the Bible as a document of persuasive discourse Major proponents of this approach suggested that its potential lies in its democratization of biblical interpretation To date that promise has never been fulfilled The reasons can be found by exploring the rhetoric of these rhetorical critics Such an exploration uncovers systems of disciplinary constraints and discursive habits that keep rhetoric firmly within traditional units of academic biblical interpretation The promise of rhetoric can only be fulfilled by shattering all notions of a rhetorical programme of biblical interpretation
