This book studies three autobiographies each of which is at least partially devoid of chronological structure Sartre s The  
Words Perec s W or The Memory of Childhood and Sarraute s Childhood Calendar based order traditionally associated with  
autobiography fails to provide the coherence the readers expect Hence readers must create a sense of coherence at another  
level by using their conceptual resources Conventional and Original Metaphors in French Autobiography reveals that in these  
literary texts coherence is maintained based on the exploitation of conventional metaphors taken from everyday language  
which the autobiographers transform in a creative yet familiar manner These common metaphors offer guidance to readers  
and establish coherence between the shared life experiences of reader and autobiographer In the course of reading the  
autobiographers and the readers life experiences overlap through familiar metaphors which serve as organizational devices  
in writing and as guiding principles in reading *The Politics of Play* Aubrey Gabel,2025-10-15 Showing the political  
importance of play in postwar French literature In postwar France authors approached writing ludically placing rules and  
conditions on language and on the context of composition itself They eliminated e s and feminized texts they traveled  
according to strict rules and invented outright silly public personas The Politics of Play Oulipo and the Legacy of French  
Literary Ludics is a comprehensive examination of how and why French authors turned to these ludic methods to grapple  
with their political moment These writers were responding to a range of historical upheavals from the rise and fall of French  
feminist and Third Worldist groups to the aftermath of international socialism both at home in the former Parisian Belt and in  
France more broadly and abroad in post Yugoslavia Balkan states and elsewhere Juxtaposing an array of case studies and  
drawing on cross disciplinary methodologies Aubrey Gabel reads three generations of the formalist literary group Oulipo

including Raymond Queneau Georges Perec and Jacques Jouet alongside writers not traditionally deemed ludic or sometimes not even conventionally known as novelists such as the lesbian activist writer Monique Wittig and the editor François Maspero Gabel argues that literary ludics serve as both an authorial strategy and a political form playful methods allow writers not only to represent history in code but also to intervene creatively as political actors in the fraught social fields of midcentury France and beyond

**Things** Georges Perec, 1990 Two trailblazing novels by Georges Perec Things Jerome and Sylvie the young upwardly mobile couple lust for the good life They wanted life's enjoyment but this equated to ownership A Man Asleep A nameless student attempts to purify himself entirely of material desires and ambitions

**Things** Georges Perec, 1990 Two thematically related novellas by Georges Perec in one volume In each Perec probes our obsession with society's trappings the seductive mass of things that masquerade as stability and meaning In Things A Story of the Sixties Jerome and Sylvie a young upwardly mobile couple lust for the good life caught between the fantasy of the film they would have liked to live and the reality of life's daily mundanities The nameless student in A Man Asleep attempts to purify himself entirely of material desires and ambition He longs to want nothing Just to wait until there is nothing left to wait for Just to wander and to sleep Yearning to exist on neutral ground as a blessed parenthesis he discovers something unexpected With the American publication of Life A User's Manual in 1987 Georges Perec was recognized in the United States as one of this century's most innovative writers Things A Story of the Sixties is accessible sobering and deeply involving Each novel distills Perec's unerring grasp of the human condition and displays his rare comic talent detachment and compassion
