Part I of this book contains the sample exams with a total of 240 questions, the equivalent of four complete 60-question Series 63 tests. Each 60-question practice test is followed by the answer key. After the answer key, the practice exam is displayed with the answers shown. The questions by topic are in the same proportion as the topic weightings on the Series 63 test. Part II of this book has a study guide in outline form. There is a section for each topic covered on the Series 63 test, including state securities acts and related rules and regulations, 60% of the exam, and ethical practices and fiduciary obligations, 40% of the exam.

walks you through the items on the NASAA exam outline one by one step by step without the typical jargon used in business manuals Both newcomers and industry veterans will appreciate the simplicity and straightforwardness of Examzone's Pass the 65™ Textbook as well as the logic and analysis dedicated to each section of the Series 65 Exam It's a hard test which is why this book wastes no words in explaining the many items one must understand in order to pass the exam As NASAA indicates in their FAQ the Series 65 is not a memorization exam Rather it is a test of competency That means they test for a deep understanding of the topics covered in this textbook through some rather tough questions While knowing for example the definition of a closed end fund is important test takers have to do more than just recognize a standard definition of the investment product Rather they must show they understand the differences and similarities between a closed end fund and an open end fund exchange traded fund or maybe a variable annuity Beyond reading the book please visit the Examzone website for help at www.examzone.com Whatever you do please don't assume you can read the book over a weekend and then sit for the test Our successful customers follow the study plan created when they purchase the Success Program Take your time and you will do fine Step one is to start reading this textbook Best of luck and we look forward to hearing from you when you pass your exam
