Use the information in the graph to answer the following questions.

Take a Look at the World's Piggy Bank

$$\frac{\text{The amount a household saves}}{\text{The household's disposable income}} = \text{The household saving Ratio}$$

The formula above expresses the household saving ratio as a decimal, but you'll also see it referred to as a percentage (like in the chart below). To find the percentage based on the formula, simply move the decimal point in your answer two spaces to the right.

** Note: Disposable income is the amount of money that households have available for saving and spending after income taxes have been taken out.*
