Optimization Of Chemical Processes Edgar Solution:

Optimization of Chemical Processes Thomas F. Edgar, David Mautner Himmelblau, Leon S. Lasdon, 2001 Written by a recognized authority in the area of optimization software this text offers an array of information on the latest advances in optimization techniques explaining both theory and practice Specializes in non linear programming mixed integer programming and global optimization Ample references explore theoretical concepts in more detail

Chemical Process Design and Integration Robin Smith, 2016-08-02 Written by a highly regarded author with industrial and academic experience this new edition of an established bestselling book provides practical guidance for students researchers and those in chemical engineering The book includes a new section on sustainable energy with sections on carbon capture and sequestration as a result of increasing environmental awareness and a companion website that includes problems worked solutions and Excel spreadsheets to enable students to carry out complex calculations

Advanced Control of Chemical Processes (ADCHEM'91) K. Najim, E. Dufour, 2014-05-23 This volume contains 40 papers which describe the recent developments in advanced control of chemical processes and related industries The topics of adaptive control model based control and neural networks are covered by 3 survey papers New adaptive statistical model based control and artificial intelligence techniques and their applications are detailed in several papers The problem of implementation of control algorithms on a digital computer is also considered
