

Algebra 2B Activity 10.1

1. Based on the grid below, identify each function below as being a linear or quadratic function. Explain.

2. Identify each of the functions below that are **quadratic** (blue) and those that are **linear** (orange). Write your answer next to the function by looking at the function's graph. **Hint:** Look at the behavior of graphs.

This is being repeated with the goal of the same function.

3. Graph each of the functions part 2 (quadratic or linear) on the grid with a **1** unit interval of x and 1 unit of y (orange or blue). If a function is neither, you do not graph.

Remember: The functions that are **quadratic** are **blue** and the functions that are **linear** are **orange**.
