Objectivity And Subjectivity In Social Research

Robert R. Redfield

Objectivity And Subjectivity In Social Research:

Objectivity and Subjectivity in Social Research Gayle Letherby, John Scott, Malcolm Williams, 2012-10-03 Objectivity and subjectivity are key concepts in social research This book written by leading authors in the field takes a completely new approach to objectivity and subjectivity no longer treating them as opposed as many existing texts do but as logically and methodologically related in social research The book debates the philosophical bases of objectivity and relativity relationism and dynamic synthesis situated objectivity theorised subjectivity social objects and realism objectivity and subjectivity in practice The authors explain complex arguments with great clarity for social science students while also providing the detail and comprehensiveness required to meet the needs of practising researchers and scholars

Objectivity and Subjectivity in Social Research Williams, In this video a team of experts discuss objectivity and subjectivity in social research Key Concepts in the Philosophy of Social Research Malcolm Williams, 2016-09-09 This is a splendid book providing a readable and reliable guide to a very large range of topics and literature the author brings together as few of us can the details of research methodology and practice with broader philosophical perspectives and approaches William Outhwaite Emeritus Professor Newcastle University We need researchers who are philosophically informed rather than philosophically obsessed or philosophically oppressed With this book Malcolm Williams strikes the exact balance Ray Pawson Emeritus Professor University of Leeds This book is an ideal introduction for any student or social researcher hoping to better understand the philosophical issues that inform social research Williams is the perfect guide providing short focused introductions to key concepts alongside a persuasive and engaging overview of how we interpret and conduct research The book covers everything from core research methods to ethical concerns and an exploration of the metaphysics of social life with each entry providing Clear definitions Engaging real world examples Up do date suggestions for further reading Informative cross referencing Lists of key thinkers Relevant and authoritative this book is an indispensable introduction to the philosophy of social research

Feminist Methodology Caroline Ramazanoglu, Janet Holland, 2002-02-20 An accessible clearly explained review of difficult concepts within this arena as well as relevant debates Its strengths are in outlining possible considerations that need to be taken into account when making methodological choices It also clearly explains how these choices impact knowledge production This book would undoubtedly be of considerable use to anyone seeking to understand and get to grips with feminist methodological issues Feminism and Psychology Who would be a feminist now Contemporary political realism suggests that the essentials of the battle have already been won and the current generation of women entering University is used to seeing feminism presented as old fashioned extreme and unrealistic Challenging such assumptions this important new book argues for the value of empirical investigations of gendered life and brings together the theoretical political and practical aspects of feminist methodology Feminist Methodology demonstrates how feminist approaches to methodology engage with debates in western philosophy to raise critical questions about knowledge production shows that feminist

methodology has a distinctive place in social research guides the reader through the terrain of feminist methodology and clarifies how feminists can claim knowledge of gendered social existence connects abstract issues of theory with issues in fieldwork practice This timely and accessible book will be an essential resource for students in women s studies gender studies sociology cultural studies social anthropology and feminist psychology
