The Alien Within Leith Morton,2009-02-26 Readers worldwide have long been drawn to the foreign the exotic and the alien even before Freud's famous essay on the uncanny in 1919 Given Japan's many years of relative isolation followed by its multicultural empire these themes seem particularly ripe for exploration and exploitation by Japanese writers Their literary adventures have taken them inside Japan as well as outside and how they internalized the exotic through the adoption of modernist techniques and subject matter forms the primary subject of this book The Alien Within is the first book length thematic study in English of the alien in modern Japanese literature and helps shed new light on a number of important authors Morton examines the Gothic a form of writing with strong affinities to European Gothic and a motif in the fiction of several key modern Japanese writers such as Arishima Takeo Morton also discusses the translations of Tsubouchi Shoyo Japan's most famous early translator of Shakespeare and how this most alien and exotic author was absorbed into the Japanese literary and theatrical tradition The new field of translation theory and how it relates to translating Shakespeare are also discussed Morton devotes two chapters to the celebrated female poet Yosano Akiko whose verse on childbirth and her unborn children broke taboos relating to the expression of the female body and sensibility He also highlights the writing of contemporary Okinawan novelist Oshiro Tatsuhiro whose work springs from what is for Japanese an exotic subtropical landscape and makes symbolic reference to the otherness at the heart of Japanese religiosity Another significant but equally overlooked subject is the focus of the final chapter which analyzes the travel writing of internationally best selling author Murakami Haruki Murakami's great corpus of work includes a one volume study of the 2000 Sydney Olympics which Morton discusses in detail The Alien Within breaks new ground in its treatment of the exotic in modern Japanese writing and in its discussion of authors and work hitherto absent from critical discussions in English It will be of significant interest to readers of literature and students of modern Japanese culture and women's writing as well as those fascinated by the occult Gothic fiction and the exotic

Private and Fictional Words (Routledge Revivals) Coral Ann Howells,2014-08-07 First published in 1987 this is an introductory study of the most widely read Canadian women novelists of the 1970s and 1980s At its centre lies the question of how the search for a distinctive cultural identity relates to the need for a national cultural identity in the post colonial era

Coral Ann Howells argues that Canadian women's fiction throughout the period of study represents how the Canadian cultural identity exceeds its geographical limits and those traditional structures of patriarchal authority need revision if women's alternative views are to be taken into account. Including short biographical sketches and a complete list of the books published by the authors under discussion, writers examined include Margaret Atwood, Alice Munro, and Margaret Laurence.

Faces of Evil in Selected Novels by Bram Stoker Anonym, 2012-05-25 Master's Thesis from the year 2011 in the subject English Language and Literature Studies. Literature grade 1A. Warsaw University language English. Abstract: The goal of this research is to examine selected works of Bram Stoker: *Dracula*, *The Jewel of Seven Stars*, *The Lady of the Shroud*, *The Lair of the White Worm*, and examine the presence of elements that are both characteristic of Gothic literature and unique in the works of Stoker. In order to investigate and present some of Stoker's lesser-known works, the analysis is concentrated on the most prominent elements present in his novels, like the negative impact of the natural environment on the mind and body, the transgression of moral and social boundaries, and the relationship between woman and evil. Prior to a close investigation, each chapter first presents the theory behind each topic.
