Sias, Jr.,Fred R. Sias,2005 This book is a basic introduction to lost wax casting with emphasis on jewelry making It is designed to be used both as a textbook and a reference book and is directed primarily at beginners Experienced casters however will probably find some useful ideas they may even find some new techniques Heavy emphasis is placed upon understanding why things are done in a particular way rather than simply presenting a set of cookbook rules that will always work The book is also available in a 8 5x11 inch comb bound version for use in the shop or classroom See ISBN 0 9679600 1 0 **Rethinking Asuka Sculpture** Hong Wu,2024-08-05 In this book WU Hong deconstructs the prevailing theory of a 100 year Buddhist artistic lag between Asuka Japan and the Chinese mainland She proposes to radically re date Asuka statues such as the famous H ry ji Kond Shaka Triad The new dating opens up possibilities for revising our perceptions of early Japanese history and interchange in East Asia while also allowing a fresh account of Asuka statuary to emerge Proceeding from the revised chronology and emphasizing local processes this new account brings the growth of Asuka Buddhism into clearer vision and elaborates on heretofore unknown historical details for an enriched understanding of this critical period of East Asian history Jewelers' Circular-keystone ,1992 **Greek Bronze Statuary** Carol C. Mattusch,2019-05-15 Freestanding bronze statuary was the primary mode of artistic expression in classical Greece yet it was not until the nineteenth century that any original large statues of that period were unearthed Although ancient literature has preserved information about the most famous Greek sculptors who worked in bronze our perception of the art has been limited by the small number of extant originals from the sixth and fifth centuries B C there remain fewer than ten large cast bronze statues a like number of bronze heads an assortment of fragments and some clay molds for casting Carol Mattusch enriches our knowledge of this beloved but elusive art form in a comprehensive study

of the style and techniques of bronze statuary during the Archaic 6th century B C and Classical 5th century B C periods
