**Spiritual Discipleship** J. Oswald Sanders, 2009-01-01 As J Oswald points out true discipleship is more than intellectual assent to a belief in Christ it involves the whole person and lifestyle Those with only superficial belief will soon fall away from the faith but Sanders says a true disciple would rather be presented with a difficult challenge than a soft option Disciples are charged with the task of training themselves to be godly because it is their responsibility to remain spiritually fit Ever fresh topics in this time tested volume include the disciple s second chance the disciple s ambition the disciple s senior partner the disciple s Olympics the disciple s right the disciple s maturity      *Handbook for the Ministry of Biblical Discipleship/Counseling* BCF Biblical Counseling Foundation , NOTE To make best use of the Handbook it is vital that you already have a Self Confrontation manual and have completed BCF s Level 1 training This Handbook is designed for an advanced level of training The Handbook for the Ministry of Biblical Discipleship Counseling has been developed as a reference to help the biblical discipler counselor maintain his biblical focus in ministering to those with problems It is also

**The Five Pillars of Discipleship** Chima E Umejiaku, 2020-03-13 Christian discipleship is a fundamental biblical trust demonstrated in the ministry of Jesus Christ and within the early church Knowing the importance of discipleship Jesus walked closely with his disciples to influence their lives so they could in turn influence the world an impact felt around the world for many generations Christendom today puts less emphasis on the importance of Christian discipleship and the result is a generation of believers who are not deeply rooted in the basic principles of Christianity Proper Christian discipleship can not only equip believers with tools for effective ministry but also establish in them the basic biblical truths that they can pass on to future generations The Five Pillars of Discipleship stresses the importance of five basic principles in Christian growth Word of God prayer evangelism fellowship and praise and worship Christians who constantly practice these things will be spiritually strong and also sound in Christian doctrines Uplifting and encouraging this guide calls on pastors and ministers of the gospel to return to the fundamental truth of biblical discipleship for the benefit of all believers and their ministry

**In His Footprints** John Ramasamy, 2013-06-24 This book is a call for a radical commitment to following Jesus in terms of His conditions It laments the fact that too many professing Christians are contented with a very comfortable form of religion without dedicating themselves to the cause of the gospel Disciples are those who make things count They are never satisfied with the status quo They desire to see revival and renewal wishing to see lives transformed and numerical growth in the Church There is a passionate desire to fulfil the call of God on their lives They become an integral part of the vision and mission of their churches

Principles of Discipleship Charles G. Finney, 1988-02-01 Following a period of great revival Charles Finney reached a point of physical exhaustion which resulted in his writing a series of articles on various subjects to continue the work of discipleship in the new believers scattered throughout the regions of revival These practical instructions were published in the Oberlin Evangelist periodical and took the form of letters addressed to specific themes They now are collected and edited by Pastor L G Parkhurst to appear for the first time in book form As well as letters concerning sanctification major themes include Finney's letters To New Christians To Ministers To Parents To Christians

**Discipleship Defined** Eric Russ, 2010-11 DON'T read this book if you want to remain comfortable Eric challenges us to consider what Biblical discipleship looks like based on what Jesus did Eric writes this book with the integrity of a man who is not merely theorizing about the way things ought to be rather he is describing what is actually happening as he builds Biblical disciples in the context of the inner city This book is soundly Biblical challenging and practical This book is about building disciples not programs Roger Hershey Campus

Crusade For Christ It is a joy to highly commend to all Discipleship Defined for it is exactly the prescription that is needed for the Church to regain much of our lost effectiveness Discipleship Defined has carefully described yet without programming it into a rigid system how to go about this challenging task Walter C Kaiser Jr President Emeritus Gordon Conwell Theological Seminary Eric Russ gives us some very straight forward thinking about discipleship a topic widely misunderstood and undervalued Moving away from piety driven discipleship Russ points us toward a holistic Christ centered way of following Jesus Jonathan Dodson Lead Pastor Austin City Life Austin TX Eric has a healthy obsession about strong discipleship and it shows in a gracious way in this guidebook for muscular commitment Can you be obsessed and still have a gracious spirit Eric does and so does this book Knute Larson Senior Pastor The Chapel Akron OH 1983 2009 Eric Russ is lead pastor of Mack Avenue Community Church in Detroit Michigan He is married to Sara and has four children For more information visit [www.discipleshipdefined.com](http://www.discipleshipdefined.com) or [www.mackave.com](http://www.mackave.com) Biblical Principles for Motivation to Discipleship Ralph C. Rittenhouse,1982 *The Christian Advocate* ,1917 *Awakening the Sleeping Giant* Rob Burkhart,2003 Awakening the Sleeping Giant is designed to help churches revitalize the ministry of Sunday School and to more effectively see students transformed by the Holy Spirit and the Word of God It isn't about a fresh coat of paint it's about optimizing Sunday School from the ground up from the way it's perceived to how it's implemented **The Challenges of Integrating Religion and Spirituality into Psychotherapy** Francis A. Martin,2024-04-23 This book examines personal and professional understandings of religion in psychotherapy and advocates for integrity competency and cultural pluralism in clinical practice A major feature of this book is that it confirms the massive proliferation of religion oriented approaches to counseling and therapy in recent years It attributes this rise to opportunism and exaggerated individualism among therapists and to the frequent failures of professional associations clinical preparation programs and other influences In response to these influences it identifies the need for guiding principles for integrating religion into therapy discusses the religious issues that clients bring to therapy and advocates for major changes in clinical practice with emphasis on integrity and competence Building on a large volume of research and using evidence based conclusions it clarifies how these two major features of contemporary life can be integrated with integrity and competence The author maintains that religion should be a feature of the practice of counseling and therapy so long as it addresses the clinically relevant needs of clients However it also explores how the religion of counselors and therapists often expresses the needs of counselors and therapists instead of addressing the needs of their clients In the context of these questions and discussion of contentious challenges this book provides guidelines for relating religion with clinical practice and recommends needed actions by clinical preparation programs professional associations individual therapists state legislatures licensing boards social service agencies and corporations All of this stands on the conspicuous need for professional accountability in the delivery of mental health care *Therapy Thieves* Francis A. Martin,2020-03-13 Why are we practicing counselors and psychotherapists committed to failure This is

the question that has haunted Dr Francis Martin as he has cataloged well over 20 000 distinct psychotherapy approaches advertised on the websites of licensed mental health professionals No doubt some of these are harmful most of them ineffective and many simply made up but the sheer volume of such techniques and practices advertised by licensed professionals holding advanced degrees whose services are billed to clients and insurance companies calls the credibility of the entire mental health profession into question Based on significant original research that joins research from others this book describes a near universal crisis in mental health care and recommends ways to rescue the field from itself The crisis is caused by declining competence among counselors and psychotherapists who have failed to regulate themselves and who therefore deliver inadequate if not harmful services The book calls for major specific and urgently needed reforms
