Wong, Laura Saunders, 2024-08-22 Written as a textbook for LIS students taking reference courses this fully updated and revised seventh edition of Reference and Information Services An Introduction also serves as a helpful handbook for practitioners to refamiliarize themselves with particular types and formats of sources and to refresh their knowledge on specific service topics The first section grounds the rest of the textbook with an overview of the foundations of reference and an introduction to the theories values and standards that guide reference service The second section provides an overview of reference services and techniques for service provision establishing a foundation of knowledge on reference service and extending ethical and social justice perspectives The third part offers an overview of the information life cycle and dissemination of information followed by an in depth examination of information sources by type as well as by broad subject areas Finally the concluding section guides the reader through the process of developing and maintaining their own vision of reference practice This textbook is essential reading for all preservice and working librarians particularly those concerned with ethical and social justice perspectives on reference work Mujeres entre oriente y occidente: una aproximación crítica feminista a la literatura universal Leticia de la Paz De Dios, Ana María Crespo Gómez, 2024-12-26 El presente monográfico aspira a actuar como un puente entre literaturas diversas escritas por autoras cuyas experiencias podrán parecer a primera vista distantes o desconectadas entre sí. En puntos en común podrán hallarse entre Sylvia Plath y Bing Xin O entre Fatema Mernissi y Marjorie Agosón La distancia geográfica entre sus lugares de origen o las diferencias lingüísticas que las separan son respuestas demasiado evidentes para negar la posibilidad de establecer ese puente entre Oriente y Occidente que se propone en esta obra Invitamos pues a las lectoras a identificar respuestas más precisas y objetivas tras la lectura de los capítulos que se presentan a continuación **Young Adult Library Services** Anthony Bernier, Shari Lee, 2024-04-26 Finally a single volume that comprehensively introduces and addresses the most pressing issues and opportunities in young adult teen library services Perpetually in the shadow of service to children and historically riven by fractious relationships between public and school libraries young adult services continue to suffer inadequacies and inequities of all kinds Consequently this area of specialization remains without the capacity to build the institutional political cultural or professional influence needed to grow and develop beyond ritual and repetition Young Adult Services Challenges and Opportunities COYAS begins to address these inequities by preparing professionals In COYAS LIS youth services instructors especially those in the United States and Canada will find a single broad and diverse engagement with scholars and acknowledged experts on the most pressing issues confronting YA services today Students at both graduate and undergraduate levels will benefit from the field tested topics delivered through accessible treatments Practicing YA and youth librarians will appreciate the support and evidence based analysis they likely found lacking in their MLIS programs Earnest youth advocates will value the pursuit of issues beyond cliché and perpetual crash course entry level

conversations In addition instructors and students will both value the brevity of concisely focused chapters sectional introductions as well as the study guide questions that conclude each chapter Content areas include history and critical engagement with foundational concepts in YA services current practices regarding challenges and opportunities as well as forward leaning issues for future development of the field COYAS will ultimately empower librarians in delivering professional grade information services to improve the quality of young people s experience in this important cultural institution
