 Complete the following close passage

Your teachers will tell you whether you're allowed to use generative AI technology in your school work. If you're not sure, you must ask before using it. If you are allowed to use generative AI, you must acknowledge it just like any other source you use in your work.

Why?

Because using the work, words and ideas of others and pretending they're yours is plagiarism. It doesn't matter if they came from another person or a machine, the point is that they didn't come from you. They're not all your own work.

The unapproved use of AI tools in the completion of HSC assessment tasks and exams is a breach of academic integrity. HSC assessment tasks and exams (including projects, submitted works and performances) must be your own work or must be acknowledged appropriately.
