**Internships, Employability and the Search for Decent Work Experience** Andrew Stewart, Rosemary Owens, Niall O'Higgins, Anne Hewitt, 2021-06-25 This groundbreaking book examines the growing phenomenon of internships and the policy issues they raise during a time when internships or traineeships have become an important way of transitioning from education into paid work

**The Changing Nature of the Graduate Labour Market** G. Tholen, 2014-09-23 The assumptions made in the media regarding graduate skills and occupations are no longer valid within the changing educational context This book traces seven key trends that shape the graduate labour market and reveals that their effects contradict the conceptualisation of the graduate labour market which dominates media and policy discourses

**Routledge Handbook of the Sociology of Higher Education** James E. Côté, 2016-06-03 This is the first handbook to cover the sociological approaches to higher education It is timely because of global expansions of mass higher educational systems especially as these systems come under scrutiny by a variety of stakeholders Questions are being raised about the value of traditional pedagogies along with calls for efficiency accountability and cost reduction but above all job training Within this neoliberal context each chapter examines different sociological aspects of and debates about educational institutions as status conferring organizations with myriad positional characteristics experiences and outcomes Many current debates concern the legitimacy of the statuses conferred including

the continuing debate regarding the role of universities in legitimating social class reproduction as well as more recent concerns about standards in mass systems This handbook puts these issues and debates in focus in ways that will be of interest to a variety of stakeholders within academia as well as in policy circles
