ICD 10 CM PCS and the changing landscape of healthcare reimbursement make their input invaluable in the realm of CDI and coding too. This book will help your physician advisors quickly understand the vital role they play and how they can not only help improve healthcare reimbursement but also reduce claims denials and improve the quality of care overall. This book will provide job descriptions and sample roles and responsibilities for CDI physician advisors. Outline the importance of CDI efforts in specific relation to the needs and expectations of physicians. Highlight documentation improvement focus areas by Major Diagnostic Category. Review government initiatives and claims denial patterns providing physician advisors concrete tools to sway physician documentation.

The Clinical Documentation Improvement Specialist's Guide to ICD-10 Glenn Krauss, 2014-05-14. Take charge of ICD 10 documentation requirements. The implementation of ICD 10 brings with it new documentation requirements that will have a significant impact on the work of your CDI team. The higher degree of specificity of information needed to code accurately will have a direct correlation to reimbursement and compliance. CDI specialists need a firm understanding of the new code set and the rules that govern it to obtain the appropriate level of documentation from physicians. *The Clinical Documentation Improvement Specialist's Guide to ICD 10* is the only book that addresses ICD 10 from the CDI point of view. Written by CDI experts it explains the new documentation requirements and clinical indicators of commonly reported diagnoses and the codes associated with those conditions. You'll find the specific documentation requirements to appropriately code conditions such as heart failure, sepsis, and COPD. Learn from your peers. *The Clinical Documentation Improvement Specialist's Guide to ICD 10* includes case studies from two hospitals that have already begun ICD 10 training so you can use their timelines as a blue print to begin your organization's training and implementation. ICD 10 implementation happens in 2013. It's not too soon to start developing the expertise and comfort level you'll need to manage this important industry change and help your organization make a
