The Great Romance Inhabitant,2008-01-01 *The Great Romance* a two volume novella published under the pseudonym *The Inhabitant* was one of the outstanding late nineteenth century works of utopian science fiction Volume 1 was a possible model for Edward Bellamy's phenomenally successful *Looking Backward* while volume 2 was assumed lost for over a century until uncovered in the Hocken Library in Dunedin New Zealand Together these volumes represent a remarkable piece of science fiction writing as they proffer one of the first serious considerations of the colonization of other planets and the impact of human beings on an alien culture Here for the first time readers encounter descriptions of spacesuits and airlocks space shuttles and planetary rovers interplanetary colonization and cross species miscegenation Behind these genre defining elements is the story of John Hope who by means of a sleeping elixir awakes to a utopian community in a distant future a kingdom of thought where the struggle for existence has been eliminated and humanity operates under an unwritten law of civility and harmony aided by telekinesis that inerrantly reveals all wrong doers Since only two of the probably three volumes are extant the tale ends with a chilling cliffhanger In his introduction Dominic Alessio discusses the cutting edge aspects of this work and its significance in both the realm of science fiction and the history and culture of its day

Off the Main Sequence Tom Easton,2006-10-01 Tom Easton has served as the monthly book review columnist for *Analog Science Fiction* for almost three decades having contributed during that span many hundreds of columns and over a million words of penetrating criticism on the best literature that science fiction has to offer His reviews have been celebrated for their wit humor readability knowledge and incisiveness His love of literature particularly fantastic literature is everywhere evident in his essays Easton has ever been willing to cover small presses obscure authors and unusual publications being the only major critic in the field to do so on a regular basis He seems to delight in finding the rare gem among the backwaters of the publishing field A reviewer's job he says is not to judge books for the ages but to tell readers enough about a book to give them some idea of whether they would enjoy it And this he does admirably whether he's discussing the works of the great writers in the field or touching upon the least amongst them This companion volume to *Periodic Stars* *Borgo Wildside* collects another 250 of Easton's best reviews

Be a Writing Superstar Joel A. Sutherland, 2010. Writing can be fun, and here's the book to prove it. Hemingway, Dostoevsky, Shakespeare. All of them wrote masterpieces when they were adults. But imagine what they could have written when they were kids, if only they had had this book. *Be a Writing Superstar* is an irreverent, encouraging writing guide for young readers which covers a whole spectrum of topics. It succeeds in teaching them the nuts and bolts of the entire writing process, from brainstorming their early ideas and shaping them on paper, right through to hosting their own book launch. Yes, kids will be trading witty repartee and bon mots with their fellow scribes as they get their literary game on. And for when the dreaded writer's block kicks in, kids can draw inspiration from their writing heroes by reading some short interviews with famous Canadian authors and illustrators. Some of Canada's finest, including Robert Munsch, Melanie Watt, Gordon Korman, and Kenneth Oppel, agreed to answer 5 Silly Questions about their writing, and all of them are included in this book. A hilarious reminder that writers are funny people and writing is above all else fun.

Starclimber Kenneth Oppel, 2014-04-14. Handsome new editions celebrate the 10th anniversary of the award-winning aerial adventure that started it all. Winner of the Governor General's Award, a Michael L. Printz Honor Book, and recipient of many other national and international honours, *Airborn* fired the imaginations of readers around the world when it was first published in 2004, and its popularity has never waned. *Airborn* was followed by the acclaimed sequels *Skybreaker*, winner of the Red Maple Award and the Ruth and Sylvia Schwartz Children's Book Award, and *Starclimber*, a Canadian Library Association Children's Book of the Year Award Honour Book. These stunning new editions, with cover illustrations by Jim Tierney, mark a new decade of soaring adventures for this trio of contemporary classics.

DAWN OF THE APOCALYPSE gathers the pinnacle of speculative fiction to explore end times across diverse landscapes from the desolate to the dystopian. It stitches a rich tapestry of literary approaches ranging from the classic gothic horror of Edgar Allan Poe to the socio-political dystopias envisioned by Ayn Rand and H. G. The anthology thrives on its variety not just in the cataclysmic events it portrays but also in the myriad ways these events are perceived and interpreted by its characters. Key pieces within this collection stand as milestones in the science fiction genre, framing apocalyptic and post-apocalyptic narratives as lenses through which we critique and comprehend contemporary societal fears. The authors, both pioneers and craftsmen of their time, come from a broad spectrum of backgrounds, each contributing to the anthology's overarching theme with their unique flavor of apocalypse. These writers are not just storytellers but visionaries who collectively paint a multifaceted picture of humanity at the brink. They belonged to and were influenced by a range of historical, cultural, and literary movements from the Romanticism and Transcendentalism of the 19th century to the early 20th century's modernism and the budding science fiction genre.
