Coding Manual Framework:

Qualitative Data Carl Auerbach, Louise B. Silverstein, 2003-09 A necessary guide through the qualitative research process Qualitative Data is meant for the novice researcher who needs guidance on what specifically to do when faced with a sea of information It takes readers through the qualitative research process beginning with an examination of the basic philosophy of qualitative research and ending with planning and carrying out a qualitative research study It provides an explicit step by step procedure that will take the researcher from the raw text of interview data through data analysis and theory construction to the creation of a publishable work The volume provides actual examples based on the authors own work including two published pieces in the appendix so that readers can follow examples for each step of the process from the project s inception to its finished product The volume also includes an appendix explaining how to implement these data analysis procedures using NVIVO a qualitative data analysis program

Archetypes of Crowdfunding Platforms Florian Danmayr, 2013-12-04 Currently a new potential paragon of fundraising and financing in particular crowd funding CF attracts a lot of attention Basically CF is an open call for capital mainly via the internet where the desired campaign can be evaluated and financially supported by a large group of individuals the crowd The matchmaking process between campaign creators and potential investors is mainly established by a standardized CF platform CFP Scientific discourse on CF is still nascent since existing studies and papers focus on the potential of CF and its basic principles Florian Danmayr addresses crowd funding platforms as object of his analysis and contributes to the body of literature by enhancing knowledge on the composition of the CFP market
