A Phenomenology of Career Change in the Malaysian Workforce Jennifer Yee Quan Tham, Yit Sean Chong, Pervaiz K. Ahmed, 2023-07-25 Evolution in economy technology and social institutions over time have given rise to boundaryless and Protean careers that promote mobility and self direction in managing one's career This has led to the phenomenon of career change whereby individuals undertake a shift from one field of work to a completely different field of work In career change research career changers have been studied as a collective singular group undergoing a similar change experience which neglects individual differences that may contrast the experience of change from one changer to another Furthermore the emotional experience that accompanies a career change has been examined with a primary focus on the role of positive emotions which overlooks the role of negative emotions in career change Thus this book sheds light on three key narratives of career change Rejectors Navigators and Seekers that were identified in a phenomenological study of career change amongst Malaysian working adults Semi structured interviews were conducted with 30 career changers across age gender and ethnicity with a focus on how they made sense and meaning of their lived experience of career change within their environment and context Each career change narrative was found to have different characteristics motivations and behaviors respectively which shaped their unique career change process Negative emotions were also revealed as key drivers of the career change process although each narrative expressed different types of negative emotions Finally the book also introduces an adaptive perspective to career development by way of the Adaptive Career Construal Model ACCM which was proposed based on the continuous bi directional relationship between career decisions and career outcomes

Money Talks Ellie Austin-Williams, 2024-01-02 A feminist take on financial wellbeing which alleviates financial anxiety in millennials by tackling the areas in life where money and wellbeing intersect How can we handle the impact of comparison culture on our bank accounts Should we want an engagement ring or is that anti feminist How can we say no to events we can't afford but we feel obliged to attend to please others Money has the power to shape make or even break our lives and can have a significant impact on our mental health so why aren't we treating it as an important part of our wellbeing In each chapter of this book financial influencer Ellie Austin Williams tackles a major area in our life that might bring us financial anxiety from friendship to love Topics covered include The rise of girl boss culture How society has increasingly encouraged women to spend their way to happiness The role of privilege race and class in our pursuit of financial success Why we feel we have to get ahead of others to be happy The impact of social media on our spending habits What we learned about work and money from our parents Insights from financial experts add to Ellie's own expertise alongside relatable anecdotes from real people Each chapter ends with some practical tips and tricks that you can use to empower yourself to improve your financial wellbeing
