Reference Stem For Kids:

Strategies that Work Stephanie Harvey, Anne Goudvis, 2007 Describes strategies teachers can use to promote reading comprehension in students from kindergarten through eighth grade and includes examples of student work illustrations and other reference tools

Kids' Slips Jeri J. Jaeger, 2004-12-13 The study of speech errors or slips of the tongue is a time honored methodology which serves as a window to the representation and processing of language and has proven to be the most reliable source of data for building theories of speech production planning However until Kids Slips there has never been a corpus of such errors from children with which to work This is the first developmental linguistics research volume to document how online processing is revealed in young children ages 18 months through 5 years through their slips of the tongue Thus this text provides a new methodology and data source which will greatly expand our ability to uncover the details of early language development Professor Jaeger's groundbreaking book incorporates both details of her methodology and findings with implications for different aspects of language development including phonetics and phonology the lexicon semantics morphology and syntax While all the child data is included in the book a Web site hosted by the author provides readers with the adult data as well Kids Slips targets those who study language development in linguistics developmental psychology and speech and hearing as well as those who study language representation and processing more generally in the same disciplines

EAI International Conference on Technology, Innovation, Entrepreneurship and Education Angelica Reyes-Munoz, Ping Zheng, David Crawford, Victor Callaghan, 2019-03-15 This book presents the proceedings of the 1st EAI International Conference on Technology Innovation Entrepreneurship and Education TIE 2017 which took place at Canterbury Christ Church University on September 11 12 2017 The central theme of the conference is creativity and innovation especially in relation to technology business education social and political needs that make modern society flourish The proceedings feature papers from a cross disciplinary audience that explore the process of creativity and innovation The goal is that the various disciplines can learn from each other and see how they might benefit from the cross fertilization of practices
