have eased education now faces unprecedented technological developments in the form of generative AI. At a time when Nvidia's market value surpasses one trillion dollars, technology once again has the potential to revolutionize the teaching profession at all levels. Equally telling at this moment is how numerous countries are revisiting their educational designs, influences, and delivery in light of concerns and challenges. The book *Developments and Future Trends in Transnational Higher Education Leadership* explores the evolving nature of higher education and offers tangible solutions for institutions to thrive in the uncertain future. Drawing on theoretical insights, research findings, and practical experiences, it provides a resource for academic scholars to navigate the complexities of the next half decade. The objective of *Developments and Future Trends in Transnational Higher Education Leadership* is to provide concrete advice to educators, managers, leaders, and administrators grappling with the shifting dynamics of higher education. This comprehensive guide addresses the various challenges faced by educational institutions, ranging from the reevaluation of educational designs and influences to the imperative of attracting students in a post-pandemic world with restricted mobility. The book's value extends globally, offering insights into the interplay of national self-reliance versus open borders and the struggles of students, particularly in East Asia and China. This comprehensive book is a crucial resource for anyone involved in education, offering practical strategies and visionary perspectives to thrive amidst uncertainty.

*Corpus-based Translation and Interpreting Studies: From description to application / Estudios traductológicos basados en corpus: de la descripción a la aplicación* María Teresa Sánchez Nieto, 2014-12-05. The contributions in this volume illustrate some noteworthy tendencies in current Corpus-based Translation and Interpreting Studies: the reflection on the state of research on the characteristics of translated language; the extension of descriptive proposals into minority languages; the diversification of applied proposals; and the growing importance of corpora for the study of interpreting. Las aportaciones de este volumen representan algunas tendencias destacables en los actuales estudios traductológicos basados en corpus: la reflexión sobre el estado de la investigación en torno a las características de la lengua traducida; la extensión de las propuestas descriptivas a lenguas minoritarias; la diversificación de las propuestas aplicadas; y la creciente importancia de los corpus para el estudio de la interpretación.
