Rumbold,Ashley Stirling, Louise Davis, James Newman,Andrew J. Higham,2025-03-26 The issue of welfare in sport has become paramount in recent years This has led various individuals who operate in sport e g the media professional bodies and researchers to consider aspects such as safeguarding clean sport overtraining and the wider ethics surrounding the duty of care of those involved in sport Focusing greater attention on understanding these aspects is critical given the potentially deleterious effects these aspects may have on the well being and mental health of individuals who are subjected to wrongdoing in sport Furthermore by focusing on safeguarding clean sport overtraining and the wider ethics surrounding the duty of care and addressing wrongdoing it provides a critical opportunity to improve cultures in sport and make this a more prosocial environment for all involved Given the need to promote a prosocial environment in sport as well as the need to address wrongdoing in this context it is unsurprising that some researchers professional bodies and sport organizations have tasked themselves with the protection of individuals in this context To date work has been undertaken to explore how issues concerning the welfare of individuals are understood to consider the impact of the sporting culture on the protection or otherwise of individuals operating in sport and to develop potential interventions which may protect those involved in this context Numerous positive advances have been made to understand and improve the welfare and well being of those involved in sport as well as to raise awareness and education at the micro e g peer to peer meso e g coach athlete coach parent parent athlete exo e g professional leagues national governing bodies and macro system e g media and societal views levels Despite this these advances have not necessarily been well communicated between system levels or across international perspectives Continued efforts are therefore needed to disseminate research findings policy and practice developments in this area Therefore the goal of this research topic is to bring together a collection of papers that are concerned with protecting the welfare of individuals who may operate at varying system levels within organized sport **Feminist Collections** University of Wisconsin System.
