smooth to wavy hair that falls from 4 to 8 inches past his shoulders Though Ashtar is Aryan looking his massive star fleet membership consists of a multitude of forms shapes sizes and colors presenting themselves as a united rainbow coalition of benign entities many of whom take on physical form upon contacting their Space Channelers in every earthly land The history of channeling is presented from the days of ancient Greece and the seer known as the Oracle of Delphi to the works of Oahspe and a Dweller On Two Planets which was responsible for bringing the actress Shirley MacLaine into the New Age fold More recently the first appearance of Ashtar upon the scene was in the late 1940s when contact was established with an associate of billionaire Howard Hughes The manager of an isolated airport in the Mojave Desert George Van Tassel witnessed the landing of a spaceship and shortly thereafter began going into a light trance allowing Ashtar to take control of his vocal chords after which Tassel began coming forth with messages that were to be presented to a wide audience It was an audience who believed in the Space Brothers cause and were willing to heed the warnings and spiritual advice disseminated through their representatives which were soon to grow in number This volume is more than unique It presents a grand overview of Ashtar and his Commanders as well as messages from his special spokespersons including Tuella his primary representative This work also includes transmissions from many of the individual planets in this solar system the inhabitants of which operate on a higher vibrational level making them normally invisible to the human eye except the most closely connected There is also fabulous artwork by Carol Ann Rodriguez of a number of these enlightened souls as well as overviews by Hercules Invictus Tim Beckley and Sean Casteel
