

# YR 7 SCIENCE REVISION SHEET

## CHAPTER 1: SCIENTIFIC METHOD

### SCIENTIFIC MEASUREMENTS:

ml, liters, mm, meters, grams, kg, NEWTONS

### THE BUNSEN BURNER

### SCIENTIFIC METHOD

## SCIENTIFIC DIAGRAMS

### DIFFERENT SCIENCE SUBJECTS

- Astronomy - the study of space
- Biology - the study of all living things
- Chemistry - the study of chemicals
- Ecology - the study of the environment
- Geology - the study of the Earth
- Physics - the study of energy and forces
- Psychology - the study of behaviour

## CHAPTER 8: EARTH AND SPACE

### SEASONS:

- Summer
- Winter
- Spring
- Autumn

As the Moon orbits the Earth, the shape of the Moon appears to change. This is because different amounts of the illuminated part of the Moon are facing us. This changing is called its phase. The phase of the Moon is dependent on its position in relation to the Sun and Earth.

## CHAPTER 7: FORCES

A force is the push or pull on an object that contains mass.

Friction is the resistance that one surface or object encounters when moving over another.

mass is the amount of "matter" in an object (though "matter" may be difficult to define), but weight is the force exerted on an object's matter by gravity.

Contact forces are forces that require direct physical contact between two objects.

Charged objects pull on other uncharged objects and may either push or pull on other charged objects.

magnets attract materials that have unpaired electrons that spin in the same direction.

The size of the gravitational force is proportional to the masses of the objects and weakens as the distance between them increases. Both objects exert an equal attractive force on each other: a falling object is attracting the Earth with the same size force as the Earth is attracting it.

An unbalanced force acting on an object results in the object's motion changing. The object may change its speed (speed up or slow down), or it may change its direction. Friction is a force that resists the motion or the tendency toward motion between two objects in contact with each other.
