Dear [Name of Client Representative],

We would like to thank you for meeting with us and sharing your software project requirements for [Client Company's Name]. We have put together a Software project proposal for your approval. Please feel free to ask any questions.

Introduction

[Service Providing Company's Name] is an IT company which develops Software projects. We have been providing software solutions for the past [Number] years to multiple business sectors. Our company is based in the USA, but our services are provided worldwide. Our approach is to capture our client's business requirements and develop various customized software to meet their business needs.

Proposal for [Client Company's Name]

Overview

Today, every business in the world needs a dedicated software to run operations successfully and increase productivity. Data plays a major role in any organization. Our company ensures our customer for reliability and data security. With a fast growing business, it becomes extremely challenging to maintain the records of sales, inventory and taxes, manually. The software provides an automated system which works on a real time basis for companies. For any business, software is now a prerequisite to performing day-to-day tasks.

Scope

[Client's Business] is undoubtedly one of the most overwhelming businesses which involves a lot of processes that if done correctly, would ensure the smooth and profitable running of the business. We provide software solutions to help the owners, through automated tools, to run the business smoothly. This lessens the burden of the management and provides better sales and good customer service.
