Multilingual Frameworks Neil Jones, 2014-08-28 This volume describes 20 years of work at Cambridge English to develop multilingual assessment frameworks and presents useful guidance of good practice It covers the development of the ALTE Framework and Can Do project work on the Common European Framework of Reference CEFR and the linking of the Cambridge English exam levels to it Asset Languages a major educational initiative for UK schools and the European Survey on Language Competences co ordinated by Cambridge English for the European Commission It proposes a model for the validity of assessment within a multilingual framework and while illustrating the constraints which determined the approach taken to each project makes clear recommendations on methodological good practice It also explores and looks forward to the further extension of assessment frameworks to encompass a model for multilingual education Key features of the volume include a clear and comprehensive explanation of several major multilingual projects combination of theoretical insights and practical advice discussion of the interpretation and use of the CEFR Multilingual Frameworks is a rich source of information

on key issues in the development and use of multilingual proficiency frameworks As such it will be a valuable reference work for academics education policy makers and examination board personnel It is also a useful resource for postgraduate students of language assessment and for practitioners and any stakeholders seeking to gain a clearer picture of the issues involved with cross language assessment frameworks

The Routledge Handbook of Second Language Acquisition and Language Testing Paula Winke, Tineke Brunfaut, 2020-12-27 This Handbook with 45 chapters written by the world's leading scholars in second language acquisition SLA and language testing dives into the important interface between SLA and language testing shared ground where researchers seek to measure second language performance to better understand how people learn their second languages The Handbook also reviews how to best measure and evaluate the second language L2 learners personal characteristics backgrounds and learning contexts to better understand their L2 learning trajectories Taking a transdisciplinary approach to research the book builds upon recent theorizing and measurement principles from the fields of applied linguistics cognitive science psychology psycholinguistics psychometrics educational measurement and social psychology The Handbook is divided into six key sections 1 Assessment concepts for SLA researchers 2 Building instruments for SLA research 3 Measuring individual differences 4 Measuring language development 5 Testing specific populations and 6 Measurement principles for SLA researchers

Reflecting on the Common European Framework of Reference for Languages and its Companion Volume David Little, Neus Figueras, 2022-03-02 The Common European Framework of Reference for Languages CEFR and its Companion Volume have established themselves as an indispensable reference point for all aspects of second and foreign language education This book discusses the impact of the CEFR on curricula teaching learning and assessment in a wide range of educational contexts identifies challenges posed by the Companion Volume and sheds light on areas that require further research and development Particular attention is paid to three features of the two documents their action oriented approach their focus on plurilingualism and the potential of their scales and descriptors to support the alignment of curricula teaching learning and assessment The book suggests a way forward for future engagement with the CEFR taking account of new developments in applied linguistics and related disciplines

Local Language Testing Xun Yan, Slobodanka Dimova, April Ginther, 2023-07-18 This book describes language testing practices that exist in the intermediate space between large scale standardized testing and classroom assessment an area that is rarely addressed in language testing literature Drawing empirical research on a variety of languages the volume discusses local language tests ability to represent local contexts and values explicitly and purposefully embed test results within instructional practice and provide data for program evaluation and research Although local testing practices have been grounded in the theoretical principles of language testing the authors in this volume supplement the theoretical content with practical examples of how local tests can be designed to effectively function within and across different institutional contexts

Resources in Education , 1994-08 Community-Based Language Learning Joan Clifford, Deborah Streifford

Reisinger, 2019 Community based Language Learning offers the first manual for world language educators interested in community based learning CBL CBL includes pedagogical approaches that connect academic learning objectives with experiential learning ranging from reciprocal partnerships with the community e g community engagement service learning to one directional learning situations e g community service site visits etc Despite this method s wide use there is a lack of pedagogical resources in CBL for language educators This handbook prepares teachers for community based language learning CBLL by offering solid theoretical frameworks and well designed engaging exercises that help students build authentic relationships as they engage with world language communities in the US Case studies based on interviews with community members and students provide real world examples that foster thoughtful reflection Activities in each chapter explore modes of written and oral communication that foster second language development The authors have extensive experience in this area and bring their knowledge to this project
