Anais Nin Reader:

Anais Nin Reader Anaïs Nin, 1974 **Anais Nin Reader. Edited by Philip K. Jason. Introd. by Anna Balakian**
Anaïs Nin, 1973 *Reader* Anaïs Nin, 1977 **Anais Nin Reader** Anaïs Nin, 1973 A novella short stories a critical study a
preface and reviews **Anais Nin** Benjamin Franklin, 1973 *The Critical Response to Anais Nin* Philip K.
Jason, 1996-07-30 Best known for her diary Anais Nin was also the author of several novels short fiction and a book on D H
Lawrence As a woman who made a career of her aesthetic femininity her works helped shape the future of gender studies
and feminist literary criticism Her writings have challenged numerous critics while her life has been equally fascinating The
selections in this book represent the critical response to her works from her first efforts in the 1930s to the posthumous
publication of unexpurgated diary volumes beginning in 1986 including the views of major biographers and contemporary
critics Born in France in 1903 Anais Nin spent her life in New York Paris and Los Angeles where she died in 1977 Like the
chaotic passages of her life her writings have not easily fallen into neat categories Though she published several novels short
fiction and erotica she is best known for her enormous and captivating diary which sometimes commanded more attention in
unpublished form than her published fiction did As a woman writer who made a career of her aesthetic femininity her works
helped shape the future of gender studies and feminist literary criticism The selections in this volume trace the critical
response to Nin s works from the 1930s to the present Though Nin died nearly 20 years ago the posthumous publication of
several of her works including three unexpurgated diary volumes has prompted renewed critical attention including two
major biographical studies Because biographical concerns dominate critical studies this book contains not only sections on
her work in general her short fiction and her novels but also special sections on her monumental diary and on her public and
private selves Within each section critical articles and reviews are reprinted chronologically so that the reader may trace the
response to Nin over time A bibliography lists works for further consultation and an introductory essay explores the direction
of critical attention to her writings *Recollections of Anaïs Nin* Benjamin Franklin, 1996 *Recollections of Ana s Nin*
presents Nin through the eyes of twenty six people who knew her She is the unconventional distant aunt the thoughtful
friend the owner of a strangely disarming voice the author eager for attention yet hypersensitive to criticism the generous
advisor to a literary magazine the adulteress the beautiful septuagenarian the recommender of books the contributors
elaborate on thses and many other perceptions of Nin Readers of this book will meet one of the most enigmatic literary
women of the twentieth century **The Reader's Adviser** , 1986 **The Intuitive Quest in the Novels of Anaïs Nin**
Irene Zubieli Knox, 1988 *The Cultural Sociology of Reading* María Angélica Thumala Olave, 2022-12-12 This book
showcases recent work about reading and books in sociology and the humanities across the globe From different standpoints
and within the broad perspectives within the cultural sociology of reading the eighteen chapters examine a range of reading
practices genres types of texts and reading spaces They cover the Anglophone area of the United States the United Kingdom

and Australia the transnational multilingual space constituted by the readership of the Colombian novel *One Hundred Years of Solitude* nineteenth century Chile twentieth century Czech Republic twentieth century Swahili readings in East Africa contemporary Iran and China during the cultural revolution and the post Mao period The chapters contribute to current debates about the valuation of literature and the role of cultural intermediaries the iconic properties of textual objects and of the practice of reading itself how reading supports personal social and political reflection bookstores as spaces for sociability and the interplay of high and commercial cultures the political uses of reading for nation building and propaganda and the dangers and gratifications of reading under repression In line with the cultural sociology of reading s focus on meaning materiality and emotion this book explores the existential ethical and political consequences of reading in specific locations and historical moments

Romantic Science and the Experience of Self Martin Halliwell,2016-03-31 First published in 1999 this engaging interdisciplinary study of romantic science focuses on the work of five influential figures in twentieth century transatlantic intellectual history In this book Martin Halliwell constructs an innovative tradition of romantic science by indicating points of theoretical and historical intersection in the thought of William James American philosopher Otto Rank Austrian psychoanalyst Ludwig Binswanger Swiss psychiatrist Erik Erikson Danish German psychologist and Oliver Sacks British neurologist Beginning with the ferment of intellectual activity in late eighteenth century German Romanticism Halliwell argues that only with William James theory of pragmatism early in the twentieth century did romantic science become a viable counter tradition to strictly empirical science Stimulated by debates over rival models of consciousness and renewed interest in theories of the self Halliwell reveals that in their challenge to Freud s adoption of ideas from nineteenth century natural science these thinkers have enlarged the possibilities of romantic science for bridging the perceived gulf between the arts and sciences

Multicultural Writers from Antiquity to 1945 Alba Amoia,Bettina L. Knapp,2001-10-30 The final decades of the 20th century have seen an explosion of interest in multiculturalism But multiculturalism is more than an awareness of the different cultures comprising contemporary societies For centuries people from around the world have come in contact with cultures other than their own and their exposure to multiple cultures has fostered their creativity and ability to make lasting contributions to civilization The effects of multiculturalism are especially apparent in literature since writers tend to be particularly aware of their environments and record their experiences This reference includes alphabetically arranged entries for more than 100 world writers from antiquity to 1945 who were significantly influenced by cultures other than their own Included are entries for major canonical Ancient and Modern writers of the Western and Eastern worlds Each entry is written by an expert contributor and includes a brief biography a discussion of multicultural themes and contexts a summary of the writer s critical reception and primary and secondary bibliographies By illuminating the shaping influence of multiculturalism on these writers the volume points to the lasting value of multiculturalism in the contemporary world

Literary Seductions Frances Wilson,2014-07-15 We have all surrendered ourselves to the world

that writing creates Eudora Welty once observed that her mother read the works of Charles Dickens in the same spirit with which she would have eloped with him Some of us remember our first novel with more pleasurable vividness than our first kiss Many of us go to on line chat rooms looking for love with our keyboard And most of us have tried to seduce with words reciting that Shakespeare sonnet or composing that Valentine s Day poem with tremulous hope All writing seeks to ensnare the reader in its embrace As Frances Wilson also proves in this engaging enlightening and provocative new book writing can also ensnare the writers themselves Highlighting the lives and loves of celebrated literary couples *Literary Seductions* reveals the depth of their passion for language their own as well as their partner s Taking as a point of departure the legendary courtship of Robert Browning and Elizabeth Barrett a courtship conceived on the printed page Wilson explores how easily how seductively literary desire becomes sexual desire and vice versa Literary seductions she writes are violent extreme and irreversible Not all reading seduces not all writing inflames But when they do what is written ceases to be merely an arrangement of symbols on a page The word has been made flesh Lady Caroline Lamb and Lord Byron Ana s Nin and Henry Miller Laura Riding and Robert Graves Osip and Nadzheda Mandelstam W B and Georgie Yeats were all in the grip of a compulsion for writing and reading enmeshed in words Miller called his relationship with Nin a literary fuck fest for Riding and Graves it took on the self destructive and self conscious melodrama of a Russian novel for the Mandelstams it was a life giving if self sacrificing bond in a precarious world for George and W B Yeats it offered sexual stimulus The couplings of verbs and nouns do more than precede coupling they comprise it *Literary Seductions* is itself a seductive book The elegant power of Wilson s arguments the rigor of her research and the delights of her prose enthrall the reader Here is intellectual engagement and readerly pleasure rolled into one *The McGraw-Hill Reader* Gilbert H. Muller,1985 Addressing the continuing interest in core liberal arts issues interdisciplinary themes multicultural perspectives and critical thinking THE MCGRAW HILL READER provides students with a full range of quality prose works spanning various ages cultures and subjects The finely tuned editorial apparatus encourages students to respond actively to the essays to formulate their own critical judgments and to develop in writing their reactions to and perspectives on the thematic concerns of the selections The Seventh Edition features thirty eight new essays that address current issues such as the quality of education the role of technology and the impact of media The text concludes with a new appendix on writing a research paper *The Love Lives of the Artists* Daniel Bullen,2013-02-12 As the oldest of institutions marriage seems outdated in modern times when each individual is encouraged to break with tradition in order to fulfill him or herself And so artists like Diego Rivera and Frida Kahlo seem to be paving the way toward a brave new kind of marriage where spouses would be allowed even encouraged to fulfill different aspects of themselves in outside relationships Shared creativity they believed would transcend their jealousies and compensate their sufferings through art they would rise above conventional marital fidelity and prove a higher fidelity to art and to themselves *The Love Lives of the Artists* tells the stories of Rainer Maria Rilke and Lou Andreas Salom Alfred

Stieglitz and Georgia O Keeffe Jean Paul Sartre and Simone de Beauvoir Diego and Frida and Henry Miller and Ana s Nin five couples who approached their relationships with the same rebellious creativity as they practiced in their art From their early artistic development and their first experiences in love to their artistic marriages and their affairs and then to their fights and reconciliations addictions nervous breakdowns and continued creativity The Love Lives of the Artists describes the promise and the price of freedom and creativity in love
