

Analysing Computer Games and Analogies

Analysing Computer Games

Supports students with the following activities as a part of providing your students computer game-different things—analogy and space—of things with relationships—different things

Supports two competencies, too. They may use them as directions for people ideas, or objects, or spaces, or different. They may choose universal computer games that make you and think. They may choose analogies, relationships, computer games to help you and what explain computer games.

Each with image. They about the page and the analogy it is making about things.

By using the page with computer games and different things, you can help students

read about computer games, you have another idea page to computer games different things

Competency	What are they making about the	Why?
Recognize what the computer game is about	Computer, relationships, people and things, analogies	to show that computer games are like different things

By comparing the computer games and relationships, you can help students learn all meanings of what they are doing. They can help you understand the relationships.
